[1] For new artwork, contact our Customer service team for a custom artwork code, lead-time, and cost.

[2] Cards ordered with plain white front and back packaging or with custom artwork, will have a small SICURIX logo and reference number printed in the lower left-hand corner (As shown in technical drawing above). Cards will also have a slot punch target printed on the back of the card.

[3] The external card number is placed in the bottom right-hand corner of the back of the card.

[4] Some identification printers cannot accommodate slot-punched cards. Please review the printer manufacturers specifications before ordering.

[5] Once programmed cards are not reprogrammable and cannot be returned or refunded. Please confirm your programming information prior to submitting your order. If you are uncertain please send us a card and we would be happy to confirm your data.
