Date: 06 June 2019

Ronin Revolution Corporation
600 S. Jefferson St. Unit D.
Placentia, CA 92870 U.S.A.

Subject: CE Certification

Dear Customer,

Effective as of 04 June 2019, Ronin Revolution Corporation has received the CE certifications of approval. The European Notified Body 1674 has approved the EU Type Examination Certificate to the model reference: Ronin Lift 2805-11. The Ronin Lift Personal Ascender has been examined and approved to the Directive 2006/42/EC along with the Electromagnetic Compatibility Directive 2014/30/EU. A copy of the CE certifications is in page 2 and page 3 of the document.

Thank you for your on-going support while we work through the qualification process for CE. We are excited to fulfill the orders of our customers as a first come, first serve basis. Due to the backlog of units and the anticipated large demand, we recommend placing orders soon. The standard lead-time is 45 to 60 days not including shipping time.

We greatly appreciate your patience throughout the process and we look forward to supporting Europe.

Feel free to let us know if you have any questions or concerns.
