

Hand pallet truck SILVERLINE with a smaller or a wider loading width

Capacity 1500 - 2500 kg

For the professional transportation of special pallets, e.g. brickyard pallets or american pallets.

Features

- Ergonomic safety control handle for one-hand operation of lifting, driving and lowering.
- Ergonomic rubber control handle for safe handling.
- Low maintenance high performance hydraulic pump with hard chromium plated piston and pressure relief valve.
- Frame and forks in robust steel construction, adjustable connecting rods, especially hardened axles and the high quality powder coating ensure a long life expectancy.
- Steering angle of 105 degree to each side for easy handling in confined spaces.

Option: Parking brake
