

Experience the Dream Your DreamWear Full face mask information kit

The Face of Sleep Apnea will never be the same

The Dream Family is a comfortable user-driven innovation that helps you get the sleep you need. Imagine lying in bed, reading or watching TV with nothing blocking your view. Now, you don't have to imagine it. You can do it. Because we made the Dream Family user-friendly in every possible way.

Comfort

From feel to function to airflow.

Patient driven

700 user/preference trials**

Remarkable ease

User-friendly interfaces.

You're in control.

Stay motivated, get results.

Sleep tip*

To achieve the full benefits of CPAP therapy use every time you sleep — during naps and at night. Most people should use CPAP for at least 7.5 hours each night for best results.

Philips Resironics sleep therapy

At Philips Resironics, we know that good, sound sleep is vitally important at every age - to your work, your play, your physical and emotional well-being. That's why we design our products to help make treating your sleep apnea easy and comfortable. So you get the kind of sleep you need to help you feel more like yourself every day.

DreamWear Full face mask

Like wearing nothing at all*

DreamWear Full face mask features the no hose nose mask that lets you sleep how you want, even on your side or stomach.

- The DreamWear Full face cushion rests under your nose - not over it.
- It's innovative design prevents red marks, discomfort or irritation on the nose bridge.**
- In a recent trial, users felt DreamWear Full face mask provided more freedom of movement when they slept versus their prescribed mask.***
- The minimal design gives you a full field of vision to read or watch TV before falling asleep. Comfortably wear your glasses.

Cleaning tip

The headgear does not need to be removed for daily cleaning. However it should be washed weekly or as needed. It can be washed by hand in warm soapy water. Lay it flat or let air dry. Do not place it in the dryer.

Note: Please refer to Instructions of Use for complete details on the use of your mask.

*Based on 2017 User Preference Trials

**Design claim - the design of the mask is such that it does not contact the nasal bridge

***Data analysis of Aug 2017 Patient Preference trial where n = 85 and prescribed masks include Resmed Airfit F10 and F20, Respiroics Amara View and F&P Simplus; based on 30 days of use.

DreamStation

Making sleep therapy simple, quiet and smart.

With easy-to-navigate menus, a sleek, compact design and quiet operation, DreamStation helps make it simple to start, customize and continue your obstructive sleep apnea (OSA) therapy

- Philips Respironics is the most prescribed sleep therapy system in the U.S. by sleep physicians*
- Controls and interface at the front of the unit for enhanced visibility on your nightstand.
- Colorful, easy-to-use display with icon-based navigation and daily feedback.
- Most comprehensive suite of connectivity options available among the leading CPAP brands.**

Sleep tip

Humidifiers are designed to moisturize the air that is being delivered to you from the therapy device. Many humidifiers also offer an optional heated hose accessory, that warms the airflow from the therapy device. Humidifiers can help to reduce some of the side-effects of therapy, such as dry nose.***

Wear

Optimize

Track

*2016 Philips blinded, incentivized survey of U.S. Sleep Physicians (n=180)

**Internal assessment of 2015 competitive CPAP data comparing to ResMed Airsense10/Aircurve10 platform and Fisher & Paykel Icon series platform.
