

Minimize Postural Regression Between Treatments!

Which outcome would you prefer?

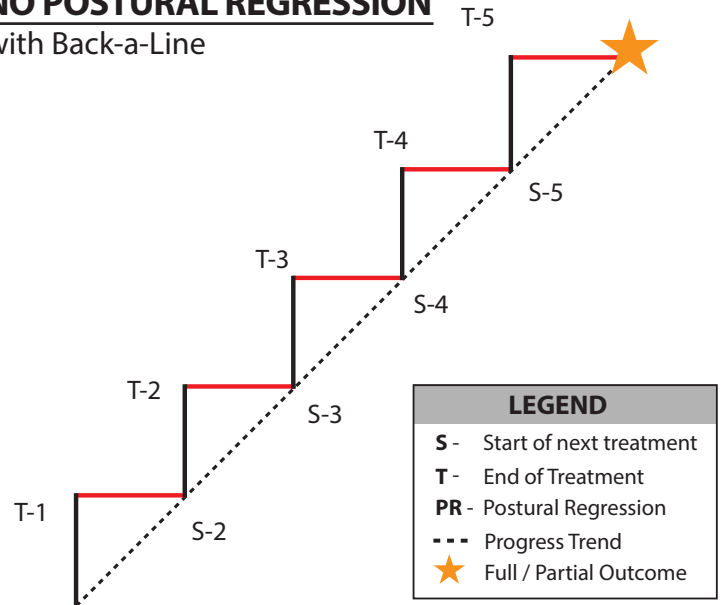

POSTURAL REGRESSION

without Back-a-Line

NO POSTURAL REGRESSION

with Back-a-Line

Postural habits were acquired behaviorally and are best reversed similarly
You can't follow patient 24/7 to guarantee proper posture; **B-A-L DOES!**

FEATURES

- Curved, firm lumbar pad
- Orthopedically correct
- Non-stretch belt fabric
- Proprioception for spinal muscles
- Proprioception for abdominals
- Wearable, continuous effect

BENEFITS

- Corrects postural mechanics, behaviorally
- Promotes neutral lordosis
- Minimizes risk of atrophy
- Assures safe range of motion
- Increases core strength
- Teaches new muscle memory

Would shorter outcomes and fewer surgical referrals benefit your practice?

415-387-4082

Reimbursement code for Medicare and some private insurance: L-0641
