PHOENIX

HS-1500-PHX

HEAT STORM // PHOENIX

The Heat Storm Phoenix Floor to Wall Unit is a great solution for any bedroom medium sized room or office, where there is not much floor space. At 1500-Watt this heater will easily heat up your room. This heater is safe to touch, even on the grill, making a great choice for anyone. This unit has two power modes, one uses the full 1,500-Watt (red leaf), while the second mode (green Leaf) uses only 750-Watt.

WAVE

HS-1000-WA

HEAT STORM // WAVE

The Heat Storm Wave Floor to Wall Unit is a great solution for any bedroom, small room or even the bathroom, where there is not much floor space. At 1000-Watt this heater will easily heat up your room but you will not have issues tripping your breaker if you want to run other electronics. This heater is safe to touch, even on the grill, making a great choice for anyone. This unit has two power modes, one uses the full 1,000-Watt (red leaf), while the second mode (green Leaf) uses only 500-Watt.

LOGAN

HS-1500-ILO

HEAT STORM // LOGAN

The Heat Storm Logan Portable Infrared Quartz Heater has a space saving design and is ultra-efficient for a medium-large room. This heater features four of our quartz infrared elements that are encased in our Patent HMS Technology. Our HMS Technology features a double wall heat exchanger that provides better safety features than our competitors by creating a safer heating environment for you.

SMITHFIELD

HS-1500-SISM

HEAT STORM // SMITHFIELD

The Heat Storm Smithfield Portable Infrared Heater will keep you warm and toasty when it gets cold! It will save you money on your heating bill and its safe to operate with children and pets around. That's because our patented heat-exchanger has double wall technology that efficiently insulates the inner heated air and pushes it through the vent instead of allowing heat loss to the surface components.

SAHARA

HS-1500-ISA

HEAT STORM // SAHARA

At only 10 lbs. The Sahara Ultra-Portable Infrared Quartz Heater was designed so you can take the heat to any room up or downstairs without breaking your back. Its sleek design will match the decor in any home. Heat Storm's HMS patented Infrared heating technology will change the way you think about portable heat.

MOJAVE

HS-1500-IMO

HEAT STORM // MOJAVE

At only 10 pounds the Mojave Portable Infrared Quartz Heater was designed so you can take it with you anywhere you like. When creating the Mojave we had one thought: that world class infrared heat should not be limited only to heavy wood cabinet heaters.

LOGAN

HS-1500-ILOD

DELUXE

HEAT STORM // LOGAN

The Heat Storm Logan Deluxe Portable Infrared Quartz Heater with a blue-tooth speaker has a space saving design and is ultra-efficient for a medium-large room. This heater features four of our quartz infrared elements that are encased in our Patent HMS Technology. Our HMS Technology features a double wall heat exchanger that provides better safety features than our competitors by creating a safer heating environment for you.

SMITHFIELD

HS-1500-ISM

DELUXE

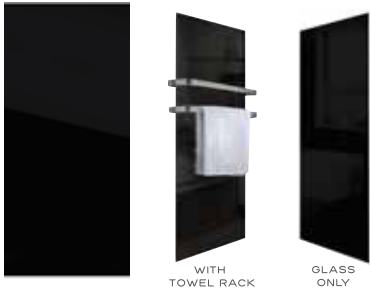

HEAT STORM // SMITHFIELD

The Heat Storm Smithfield Deluxe Portable Infrared Heater will keep you warm and toasty when it gets cold! It will save you money on your heating bill and its safe to operate with children and pets around. That's because our patented heat-exchanger has double wall technology that efficiently insulates the inner heated air and pushes it through the vent instead of allowing heat loss to the surface components.

GLASS HEATER

HS-1648
