

ADORED BEAST

APOTHECARY

2020 US CATALOG

Adored Beast Apothecary is the culmination of decades of experience in the trenches of holistic animal healthcare by Julie Anne Lee, DCH, RCSHom. The formulas have been used at her clinic for years with amazing results. They can be used as a proactive approach to healthcare or to support the body's healing with a range of issues, including:

- Allergies
- Yeast
- Leaky Gut
- Vaccine side effects
- Digestive problems
- Signs of stiffness or limping
- Skin conditions
- Autoimmune conditions

Our unique protocols offer simple steps to reach core issues, support healing and aid in preventing re-occurrence. All of our ingredients are active ingredients that are meticulously sourced with absolutely NO fillers! *A little goes a long way.*

BECOMING ATTUNED TO OUR CREATURE COMPANIONS CONNECTS US TO NATURE.
AND IN TURN, NATURE CONNECTS US TO OUR ADORED BEASTS.

MEET OUR FOUNDER

Julie Anne Lee, DCH, RCSHom, empowers you to be a true steward of your beloved animal using the power of nature and common sense as a wellspring of health.

After opening her practice in 1997 and becoming the first licensed strictly holistic veterinary clinic in 2000, Julie Anne now uses that expertise to develop simple, easy-to-follow protocols and products that help put the power back in your hands.

A trailblazer in the advancement of holistic animal care, Julie Anne brings a wealth of experience to all aspects of the Adored Beast Apothecary as a practitioner, teacher, formulator, animal welfare advocate and consultant. She's expanding the world of animal wellness, reclaiming and scientifically evolving the time-honoured, common-sense practice of nature-based animal healthcare.

PUTTING THE POWER BACK IN YOUR HANDS

LOVE BUGS

The Perfect Match of Both Pre-& Probiotics. Did you know that the Gut is responsible for more than 80% of the immune system? “Friendly” bacteria are the gut’s defense system against “bad” or dangerous disease-causing bacteria. Prebiotics serve as a fertilizer so the gut can grow a bountiful amount of this friendly bacteria leading to wonderful health benefits such as combating yeast, aiding in allergies and IBD and can help prevent tooth decay!

Dog and Cat Friendly | 1.4oz and 2.8oz powder

Ingredients: proprietary Probiotic blend with 14 strains, 30 billion CFU and Prebiotic Larch Arabinogalactan.

HEALTHY GUT

Digestive Enzyme / Pre-& Probiotic. Without proper enzymes, no matter what food you are feeding your furry family, their ability to digest and acquire nutrition is extremely limited, leading to decreased nutrition, malnutrition and money wasted on food and poor health. The digestive enzymes added to Healthy Gut can improve your animals’ nutrient absorption rate dramatically. It helps rebalance and cultivate proper growing conditions for friendly digestive flora destroyed by antibiotics and toxins. Malnourished, skinny, kibble fed or animals with large stool volumes would benefit greatly but all cats and dogs thrive on being able to properly absorb nutrition. Using Healthy Gut is the next best thing to feeding real, whole food!

Dog and Cat Friendly
1.4oz and 2.9oz powder

Ingredients: proprietary blend of ox bile substance, papain 50 000 pu, betaine hcl, bromelain 2400 gdu, pancreatic 8x, larch arabinogalactan, multi strain probiotic blend (30 billion cfu).

GUT SOOTHE

A proprietary blend of herbs and pre/probiotics that targets, soothes and replenishes the lining of the gut, fights yeast and combats unhealthy bacteria. Gut soothe offers digestive and immune support and can ease the effects of diet transitions. Any of the following symptoms could indicated your animal needs support to decrease inflammation in the gut:

- Diarrhea
- Vomiting
- Bladder infections
- Lung issues
- IBD
- Acid reflux

Dogs Only!
1.8oz and 5.4oz powder

Many customers refer to Gut Soothe as, “The Natural Diarrhea Band-Aid in a bottle”.

Ingredients: proprietary blend of aloe vera 200:1, marshmallow root 4:1, l-glutamine, n-acetyl glucosamine, deglycyrrhizinated licorice, larch arabinogalactan, slippery elm bark, multi strain probiotic blend (30 billion cfu).

FIDO'S FLORA

The world's first and only biologically species appropriate probiotic for your dog. Two uniquely canine species of probiotics/beneficial gut bacteria specifically chosen to:

- Strengthen your dog's immune system
- Help keep your dog's gastrointestinal tract calm during times of stress
- Produce metabolites that fight against bacteria like E.coli and salmonella
- Improve availability of nutrients to the diet
- Improve production of neurotransmitters in the brain
- Pass through stomach acid to work in the small intestine
- Not be affected by antibiotics commonly prescribed to treat intestinal upset
- Produced in Canada under strict manufacturing practices to ensure high quality of strain composition and viability

*Powerful combination adds vital minerals, helps feed the cells of the body and aids in the removal of toxic minerals and heavy metals.

Dogs Only! | 1.4 fl. oz

Ingredients: 14 strain probiotic blend including 2 species-specific patented probiotics (2 billion CFU per ½ tsp), Larch Arabinogalactan (700mg per ½ tsp), Humic and Fulvic acids (558mg per ½ tsp).

PHYTO SYNERGY

Foundational Nutrition / Super Antioxidant. Our phytoplankton is grown sustainably on land with Atlantic Ocean water which is filtered of the heavy metals that ALL ocean products have, including fish oils. It's environmentally ethical, fully sustainable and non-GMO. Phytoplankton is the main food source for all oceans and the reason fish and squid contain omega 3 fatty acids!

Phyto Synergy 100% pure marine phytoplankton is complete nutrition that absorbs and resonates with the body's synergistic process. This incredible single-celled organism offers trace minerals, chlorophyll, essential amino acids, EPA, protein, carotenoids, antioxidants, amino acids and vitamins. It has extreme anti-inflammatory benefits, is amazing as a daily preventive and proactive whole food nutrient but is also very helpful for animals that are older, ill or have absorption issues.

Dog and Cat Friendly
0.53oz and 1.13oz powder

Ingredients: 100% pure proprietary blend Marine Phytoplankton.

LIVER TONIC

Support / Detoxifier. Supports the health of the liver, kidneys, pancreas and gall bladder by helping to regenerate healthy liver cells and boost the organ's ability to filter toxins from the blood. Aids in proper function of histamine (associated with allergies, chronic inflammation), protein synthesis and biochemical production for digestion. Best used twice per year during seasonal allergy flare ups to support the liver in regulating histamine. On-going treatment is required for animals with chronic liver, kidney or pancreas disease.

Dogs and Cat Friendly | 2 fl. oz

Ingredients: proprietary blend of mother tincture of chelidonium, taraxacum officinate, berberis, cardus marianus, distilled water, organic vegetable glycerin.

ANTI-VACCINOSIS

Assists in the removal of associated vaccine side effects and toxins without removing any vaccine benefits. This homeopathic preparation supports in neutralizing the disturbance of the vital force by vaccinations for dogs and cats. Vaccinosis can often be the catalyst to greater immune problems and microbial imbalances.

Immediate symptoms of Vaccinosis post injection may include:

- Fatigue
- Muscle pain
- Inflammation at the injection site
- Anaphylactic shock

Dogs and Cat Friendly | 1 fl. oz

Ingredients: proprietary blend of homeopathic thuja, silicea.

JUMP FOR JOYNTS

Helps to rehabilitate joints, ligaments, tendons and muscles. Available in regular and extra strength, Jump for JOYnts can support issues such as ACL injuries, arthritis, and bone and muscle injuries. It does not contain MSM, Glucosamine or Chondroitin which can cause GI sensitivity in some dogs and cats.

Extra Strength offers 4-way mobility support for daily signs of advanced stiffness or limping.

Dog and Cat Friendly | 2 fl. oz.

Ingredients: a proprietary homeopathic blend of arnica, ruta, calendula, symphytum.

OWIES & OOPSIES TOPICAL

A combination of nature's amazing healing elements like calendula, green tea, hypericum and more, Owies and Oopsies soothes itch and promotes healthy skin and healing of:

- Open wounds
- Burns
- Hot Spots
- Abrasions
- Sores
- Raw Skin
- Insect bites
- Cuts

This is a different combination from the Yeasty Beast III in that it does NOT contain Apple Cider Vinegar.

Dog and Cat Friendly | 2 fl. oz Topical Spray

Ingredients: herbal tinctures of horsetail, hypericum, calendula, hydrastis, green tea combined in a base of witch hazel.

YEASTY BEAST III

Fantastic for soothing itch and helping to prevent infections that may arise from yeast coming through the skin. Yeast manifests on the skin as thick, itchy, black spots or skin folds. This is a combination of Apple Cider Vinegar and soothing herbs to help areas of topical yeast that appear on skin. Do NOT use on open or raw wounds as apple cider vinegar can sting.

This topical is not meant to "cure" the yeast that breeds deep in the digestive tract. Systemic yeast needs to be addressed systemically with the Yeasty Beast Protocol.

Dogs Only! | 2 fl. oz. Topical Spray

Ingredients: herbal tinctures of horsetail, hypericum, calendula, hydrastis, green tea. Combined in a base of witch hazel and apple cider vinegar.

LEAKY GUT PROTOCOL

This protocol provides simple steps to aid in healing at the root cause.

Leaky Gut can be the core issue of imbalances like:

- Allergies
- Skin conditions
- Ear infections
- Eye problems
- Collapsing trachea
- Digestive problems
- Low energy
- Behavioural issues
- Joint pain
- Bad breath
- Autoimmune conditions
- Liver, pancreas or gallbladder

or any common health condition that comes from an inflammatory disorder. The gut is responsible for 80% of your animal's immune system! In cases of extreme allergies, where you know there is a large yeast overgrowth, the Yeasty Beast Protocol should be used first to rid the digestive tract of systemic yeast.

Dog and Cat Friendly | 5 Product Kit

Protocol consists of: Anti-Vaccinosis (Initial 2 Day Regime) 1 fl. oz, Liver Tonic (Support/Detoxifier) 2 fl. oz, Healthy Gut (Digestive Enzyme/Pre & Probiotic) 2.9oz powder, Gut Soothe (Inflammation Support) 5.4oz powder, Gut Seal (Strengtheners for the gut lining) 1 fl. oz.

Please refer to individual product listings in this catalogue for ingredients. Please note: Gut Seal is only available in our Leaky Gut Protocol and contains homeopathic arnica, calendula, collagen, thiosinaminum.

YEASTY BEAST PROTOCOL

Did you know that probiotics are not always helpful when dealing with yeast? This protocol targets yeast like no other product on the market! If your dog has a fungus-type smell, chronic skin disease or extreme allergies, you could very well suspect yeast overgrowth.

This cutting-edge protocol kit has been methodically designed to destroy yeast and support the immune system and body, while avoiding an intense Herxheimer reaction (toxic yeast die-off) that can make your dog look and feel terrible. A Herxheimer reaction can look like the yeast is getting worse and more often than not leads to more drugs and continues the merry-go-round of chronic skin disease and gut trauma.

Follow up with Leaky Gut Protocol or at least a rotation of Healthy Gut, Gut Soothe, and Love Bugs to increase and maintain the optimal level of beneficial gut flora to keep yeast at bay.

Dogs Only! | 3 Product Kit

Protocol consists of: Yeasty Beast I (Homeopathic Liquid Combination) 1 fl. oz, Yeasty Beast II (Digestive Enzyme/Probiotic) 2.4oz powder, and Liver Tonic (Support/Detoxifier) 2 fl. oz.

Please refer to the individual product listing in this catalogue for the Liver Tonic ingredients. Please note: Yeasty Beast I and II are available only in our Yeasty Beast Protocol. Yeasty Beast I contains homeopathic sulphur, berberis vulgaris, echinacea, graphites, and nux vomica. Yeasty Beast II contains an enzyme and probiotic blend, pau d'arco, and caprylic acid.
