

BOAT TYPE 1X

INITIATOR

THE ULTIMATE TRAINING BOAT

To help more athletes at the start of their rowing career, Sykes have designed the ultimate training boat range.

This range is designed to help with learning to row, while also being ultra-durable, competitive and more affordable!

TECHNOLOGY

This range has been designed by Sykes in Geelong, Australia with the perfect balance of durability, stability, comfort and performance. Built in Zhaoqing, China the hull has fibreglass and carbon exterior and internal surfaces, which combined with Spheretex gives supreme durability. The unique design and construction which includes structural elements in carbon fibre means the boat is remarkably light for a boat of this style!

The single scull comes in three sizes designed to accommodate all rowers. As a guide to what will be suitable for you, please use the table below.

Mould	Length (m)	Weight (kg)	Weight (lbs)
150	7.6	55-70	121-154
151	7.9	70-90	154-198
152	8.2	90+	198+

SPECIFICATIONS

- Quick Release Wing Rigger
- Carbon Seat
- Carbon Stretcher
- Active Adjustable Shoes
