Caring for your bed

At Eva, we travel the world to find the most sustainable raw materials.

It's important to give your Eva Bed Base a little love and attention over its lifetime to ensure it continues to look great for years to come.

To remove any dust, wipe down with a clean, damp cloth. If you happen to spill any liquid on your furniture, ensure you wipe it off as soon as you can. We recommend that you keep your furniture away from direct sunlight to keep it looking its best (it's not wearing sunscreen). The materials used in Eva furniture are natural and do not like to be exposed to harsh cleaning products.

Follow these simple steps and your Eva Bed Base will be with you for life.

Pretty simple living.
