The Cosmo

The Cosmo is a European-style vanity combining the traditional "shaker" look with a sleek textured wood grain design, giving it the ultimate contemporary feel. The cabinet base and drawer fronts are made of our high-grade, urban oak, textured melamine. This unique material is extremely durable and scratch resistant.

The Cosmo also contains a soft closing hardware system for its metal drawers, making their usage smoother and more comfortable. Finally, we made the Cosmo with a 2" thick counter-top to give it a more custo look, Handles included.

The Frost

The Frost is our white high-gloss lacquer vanity. Its white color transmits purity and brightens up the room. The drawer fronts are made of high quality lacquer finish. The interior of the drawers are made of metal and include a soft closing hardware system. The drawer fronts have finger-pull space to open and close without the use of any handles.

The Ivy

The Ivy is one of our newest and most modern vanity designs. The white counter and white lacquer sides give this vanity a sharp built-in look. The drawer fronts are made of a thermofoil finish with a beautiful oak wood-grain finish.

The interior of the drawers are made of metal and include a soft closing hardware system. The drawer fronts have finger-pull space to open and close without the use of any handles.

The Willow

The Willow is our traditional free-standing vanity. It keeps a unique edge with its white high gloss lacquer finish. The Willow also contains soft closing hardware systems for its doors and wooden drawers, making their usage smoother and more comfortable. The counter is 2" thick, giving it a richer look. Knobs included.

The Grace

The Grace is an elegant and modern stainless steel faucet. This faucet has a one-handle lever design for easy use.

Tie this beautiful faucet with one of our vanities to bring your entire Flairwood Décor set together!
