

FINDING THE BALANCE

Nurses are very creative and over the years have devised some weird and wonderful ice packs to help ease their patient's pain after surgery.

However, as well as economy, **SIZE MATTERS!**

Medichill's **Australian-made** Orthopaedic Ice Wrap, is a total solution from \$2.70 per patient*

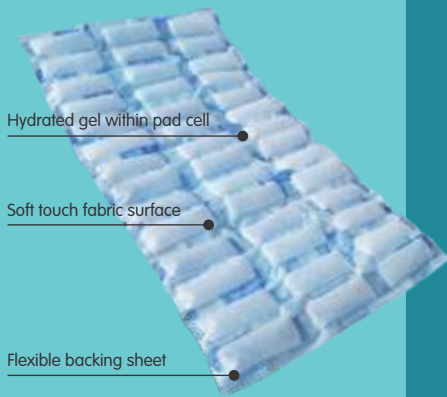

What is a Medichill Orthopaedic Ice Wrap?

The Medichill Orthopaedic Ice Wrap absorbs and retains clean water, that can then be frozen or chilled to offer a comforting, medication-free solution to pain, swelling and soreness. Ideal for sports injuries and post-orthopaedic surgery, like knee reconstructions. It can also be heated when using Contrast Thermal Therapy for rehabilitation.

“

My Medichill ice wrap has made a significant impact in my day to day management of my post surgical back and groin pain. Whilst I have always found conventional icepacks quite bulky and cumbersome, the unique and versatile design of my Medichill icepacks (and covers) means I can now enjoy pinpoint pain relief directly to the hard to reach areas, where I increasingly need it.
