LEATHER STRETCHES.

The first time you try them on, your Veldskoen must be a little snug over the bridge of your foot. Within a few hours, the leather will stretch and the shoes will begin to take on the shape of your feet.

WHAT ABOUT LADIES WHO WEAR HALF SIZES?

If you are usually an SA/UK half size, please round up and then go down one full size. For example, if you are usually an SA/UK 6,5, then you must order a Veldskoen 5.
