

Technical data sheet for face mask

Description : Ear looped Procedure Face mask

Item #: 2950/B

Material : 100% Polypropylene

Outside layer: 38G Spunbonded Polypropylene, fluid resistant

Middle layer: 25g Melt-blown Polypropylene, high filtration

Inside Layer : 20g Short fiber Polypropylene, without glass fiber

Elastic : Latex-free Anllen elastic , hypoallergenic

Nose band : 100% Aluminum , adaptable with perfect fitting

BFE (Bacteria Filtration Efficiency) : > 99% (Partial size: 2.9um)

PFE (Particle Filtration Efficiency) : > 99% (Particle size: 0.1um)

Delta P (Air Resistance) : < 3.0 mmH₂O

Provided by Nelson Lab
under EN14683:2005

Size: 175 x 95 +/-3mm

Available colors : Blue, White , Green, Yellow, Pink

Usage: dental and other healthcare field (not for surgical), food processing

Packing: 50pcs/box, 10box/case
