MISSION

To give everyone the opportunity to use essential oils in a way that is intuitive, affordable, and honest.

The ability to use essential oils daily is important to their effectiveness and Pro Essentials provides its products in a way that allows for regular, easy use.

VISION

We envision an industry that provides the world access to therapeutic grade essential oils targeted for their needs, without requiring memberships, minimum purchases, trial and error mixing of individual oils, or the high markups that price many people out of the market.

VALUES

Conservation - Pro Essentials only provides products in needed sizes to prevent waste and all product and packaging materials are 100% recyclable.

Holistic Living - Pro Essentials sells a small number of products, each tailored for a certain use. With busy western lives, ready to use products available without hassle simplifies life.

Fairness - Pro Essentials believes in providing its products at a reasonable profit to enhance access for all consumers.
