## DODGE CHALLENGER 6.4L, 6.2L

The CORSA Performance 2015+ Dodge Challenger SRT 6.4L/6.2L V8 (392, Hellcat, Redeye, Demon) active valve cat-back exhaust system has arrived. The 2.75", 304 stainless steel exhaust comes solely in CORSA's Xtreme Sound Level and features CORSA's engineered cast valve assembly. The exhaust integrates directly to the stock valve actuators to retain active valve functionality. Featuring CORSA's patented No Drone RSC<sup>®</sup> Technology, the exhaust system unleashes aggressive exhaust notes from Mopar's 376+ cubic inch V8 engines, while providing the most desirable No Drone driving experience on the road.

This is the ultimate driver's exhaust!
