2020+ CORVETTE C8 6.2L V8

CARBON FIBER AIR INTAKE

This is the intake the C8 deserves.

The CORSA Performance C8 Corvette air intake is made from 100% carbon fiber construction and pairs design with engineering for unparalleled looks, maximum strength, and performance. Borrowing styling cues from the C8's eye-catching design, the optimized shape of the C8 intake box with a dual path air duct and high-performance DryTech filtration increases throttle responses, overall performance, and fuel economy. Dyno proven and track-tested, the C8 air intake produces an additional 14 HP and 13 LB-FT of Torque from the LT2 engine and is backed by CORSA's Limited Lifetime Warranty.

- 100% Carbon Fiber Construction
- Anodized Aluminum MAF Mounting Plate
- DryTech "No Oil" Air Filters (2)
- Aluminum Heat Shield and Cable Management System
- Premium Hardware Included
- No Tune Required
- Limited Lifetime Warranty
