

CORSA[®]
PERFORMANCE

PRO SERIES

ENGINEERED FOR THE SKILLED ENTHUSIAST OR CUSTOM FABRICATOR
FOR NON-APPLICATION SPECIFIC PARTS

PRO SERIES

TUNED MUFFLERS

PRO SERIES

PACKED RESONATORS

**A Premium Tuned Muffler Solution
Engineered for Custom Fabrication**

Designed with RSC[®] Technology and engineered to eliminate most drone inducing frequencies on V8 engines.

RSC[®] Drone Mitigating Technology

Reversible straight-through design maximizes air flow

Multiple muffler configurations available in 2.5" & 3.0"

Aggressive exhaust notes as a standalone muffler solution

CORSA engineered quality and construction

Pair with PRO SERIES[®] Packed Resonators to mellow and deepen exhaust note

*Multiple displacement engines may require additional sound solutions to achieve desired result.

25 YEARS OF
ENGINEERING EXCELLENCE

**LIFETIME
WARRANTY**

**An Absorptive Resonator Engineered for
Ease of Installation, Sound Suppression
and Lasting Performance.**

Packed resonators can be used as standalone sound suppressor to reduce volume on any vehicle application or in conjunction with PRO SERIES[®] Tuned Mufflers to reduce overall volume and rasp.

Reversible straight-through perforated core design maximizes air flow

Mellows & deepens exhaust note

Multiple resonator configurations available in 2.5" - 3.0"

High temp sound absorption material tested to 700C or 1360F

CORSA engineered quality and construction

Pair with CORSA PRO SERIES[®] Tuned Mufflers to control volume

*CORSA Performance PRO SERIES[®] Resonators act as a volume switch by decreasing exhaust volume. Used as a standalone muffler solution, PRO SERIES[®] Packed Resonators do not mitigate drone.

**5 YEAR
WARRANTY**

PRO SERIES® TUNED MUFFLERS

Part #	CP250CT	CP2500S	CP250SS	CP300CT	CP3000S	CP300SS
Diameter	2.50"	2.50"	2.50"	3.00"	3.00"	3.00"
Inlet/Outlet Configuration	Offset / Center	Offset / Offset	Offset / Offset Same Side	Offset / Center	Offset / Offset	Offset / Offset Same Side
Application	Drone Reduction For V8 Engines					
Technology	CORSA Performance patented NO DRONE RSC® Technology					
Installation Style	PRO SERIES® Tuned Mufflers are engineered for a weld-in installation					
Reversible	✓	✓	✓	✓	✓	✓
Case Shape	PRO SERIES® Tuned Mufflers are oval shaped					
Case Exterior Length	10.00"					
Overall Length	16.00" L x 6.25" H x 11.00" W					
Weight	10.50lbs					
Warranty	Limited Lifetime Warranty					

PRO SERIES® PACKED RESONATORS

Part#	PKM2004 / PKM2001	PKM2006 / PKM2010	PKM2002 / PKM2000	PKM2008
Installation Style	CLAMP / WELD	CLAMP / WELD	CLAMP / WELD	CLAMP
Diameter	2.5"	2.75"	3.0"	3.0"
Inlet/Outlet Configuration	Center In / Center Out			
Application	Universal resonators are not application specific and are designed to deepen tone and reduce volume			
Technology	Hi-Temp synthetic sound dampening with perforated core construction			
Reversible	✓	✓	✓	✓
Case Shape	Round Case Shape			
Decibel Reduction	4-6dB	2-3db	6-8db	2-3db
Case Exterior Length	9.50"	4.75"	10.75"	4.75"
Case Width	5.00"	5.00"	5.50"	5.00"
Case Height	5.00"	5.00"	5.50"	5.00"
Overall Length	13.50"	10.00"	16.25"	10.00"
Weight	4.5lbs	3.5lbs	5.5lbs	3.5lbs
Warranty	5 Years
