

## NPP & RSC VALVE SYSTEM

Welcome to the next generation of exhaust systems from CORSA Performance pairing "active" valves (NPP) with RSC<sup>®</sup> technology to deliver the ultimate 6th gen Camaro SS/ZL1 exhaust system. Change modes as you feel or simply let the car do what it's designed to do while enjoying a completely drone-free driving experience. The 6th Generation Camaro exhaust system is made from 304SS, integrates flawlessly with the stock valve actuators, and is back by a Limited Lifetime Warranty.
