## GT350 ACTIVE EXHAUST

From the market leaders and originators of No Drone Exhaust Technology, the CORSA Performance Mustang GT350 V8 catback exhaust system features CORSA's Patented Reflective Sound Cancellation<sup>®</sup> (RSC) No Drone Technology paired with CORSA's proprietary valve assembly and allows CORSA's acoustic engineers to create an aggressive yet drone free controllable exhaust note, styled specifically to fit the personality of the Ford Mustang GT350's 5.2L Voodoo engine.

- Maintains full sound control with CORSA's proprietary cast valve assembly designed specifically for the GT350
- 13% Lighter than the stock exhaust system
- Switch between CORSA Xtreme and CORSA Sport Sound Levels
- Features CORSA's exclusive 3.0" Double HELIXX, twin crossover X-pipe
- Outflow the stock exhaust by 10% unlocking additional performance
- Features CORSA's signature exhaust note custom tuned specifically for the FORD Mustang GT350
- Limited Lifetime Warranty, Valves: 5 Years

**+9% FLOW INCREASE -8 LBS**

CORSA's Proven Cast Valve Assembly
