Pattern notes

This pattern is written using UK terminology with US conversions given in brackets in abbreviation list.

This crochet blanket uses the Overlay Mosaic Crochet technique. In this technique you only work with the right side facing you, working each row once only. This requires you to cut and join in new yarn on every row. Start a new row with standing double crochet. We will add edging at the end to hide all the ends.

The first 2 and last 2 sts are always worked in double crochet and indicate the colour you will use for the whole row.

Work each st in back loop only (BLO), and place trebles (FLtr2d) when required, working trebles into front loops of stitches from first row below of the same colour.

This pattern is charted and written. However, many will find working from the chart is the easiest method.

Chart Notes

- The chart is read from right to left on every row.
- Each row is worked using the colour indicated at the beginning of the row.
- The 1st row is worked in chainless double crochet foundation.

The colours on the chart show a visual representation of the finished pattern when the FLtr2d stitches have been made.

The Stitch Key shows you what stitch to make across the row in whichever colour you are using, despite the colour shown on the chart.

Start with a standing dc in the 1st st, 1dc, work dc BLO in any following stitch without F, work FLtr2d in stitches with F, and end with 1dc in each of the last 2 stitches.

Chart Notes

The chart is read from right to left on every row.

Each row is worked using the colour indicated at the beginning of the row.

The colours on the chart show a visual representation of the finished pattern when the FLtr2d stitches have been made.

The Stitch Key shows you what stitch to make across the row in whichever colour you are using, despite the colour shown on the chart.

Start with a standing dc in the first st, 1dc, work dc BLO in any following stitch without F, work FLtr2d in stitches with F, and end with 1dc in each of the last two stitches.

Written Pattern – Wrapping up

Note – In this final part of the Lapland CAL, we will be making the edging to hide all the tails. This will be a double-sided edging, which will enclose all ends.

Before starting the edging, all the ends of yarn need to be tidied. To do this, tie the ends in pairs with double knots, (this will ensure the ends will not unravel) and then trim them to about 2.5cm.

Back Edging

Foundation rnd: With **WS** of blanket facing and **A**, starting from the top left corner, work 1 standing dc in between the 2nd and 3rd st from the edge, working around the strands between of the 3rd row from the top.

Now, work 1dc in every row in between the 2nd and 3rd st from the edge, until you have 2 rows left (123dc), 2ch (corner ch-2sp made), turn to work along foundation, miss 1st 2 sts, 1dc into front loop of every st of chainless foundation to last 2 sts, miss last 2 sts. 83dc.

Working down the right side, miss next 2 rows, 2ch (corner ch-2sp made), 1dc in every row to last 2, placing dc in between 2nd and 3rd st from the right edge. 123dc.

2ch (corner ch-2sp made), miss first 2 sts, 1dc into the front loop of every st of top edge to last 2 sts, miss 2 sts, 2ch (corner ch-2sp made), sl-st to first dc.
83dc. (412dc in total and 4 ch-2sps)

Rnd 1: 1ch (does not counts as a st here and throughout), *1dc in every st to next ch-2sp, (1dc, 2ch, 1dc) in next ch-2sp, rep from * to end, sl-st to first dc. 420dc.

Rnd 2: 1ch, 1htr in every st to next ch-2sp, (1htr, ch2, 1htr) in next ch-2sp, rep from * to end, sl-st to 1st htr. 428htr.

Rnd 3: As rnd 2. 436htr.

Fasten off.

Front Edging

With **RS** of blanket facing and **A**, starting from the top left corner, work a standing dc in between the 2nd and 3rd st from the edge, in the same place as the dc worked on **WS** for Back Edging, placing the dc before the dc from **WS**. Cont to work around Blanket. (412dc in total and 4ch-2sps.)

Rnds 1–3: As for Back Edging.

Do not fasten off.

Joining Edging

1ch, **join front and back edging** by working dc through corresponding sts of both edges to corner, work (1dc, 2ch, 1dc) in corner ch-sp working through both front and back ch-sps, rep along all edges, sl-st in 1st dc, fasten off.
