

Reflections of Life Cloud

Requirements:

- Microsoft Word 2003 or above
- Internet access
- Color printer

Benefits:

Database

- One centralized data entry system
- Easy to use forms, to speed up data entry
- Type it once and all data imports into stationary templates, no retyping
- Auto fill fields, database remembers recent information as you type to speed up data entry
- Ten user defined fields, for any custom data you wish to have inserted into stationary templates
- Future import functions, like HMIS and SRS to save even more time

Cloud templates

- Same easy to use templates as previous versions, with the addition of no retyping data over and over
- One single site to access all stationary templates
- Stationary templates for the following
 - Register Books
 - Service Records
 - Prayer Cards
 - Bookmarks
 - Acknowledgement Cards
 - Director Cards
 - Square Candles
 - Large Candles
 - Small Candles
 - Grave Markers
 - Picture Frames
 - Directory Signs
 - And more to come...
- No more updating software, cloud software is always up to date.
- Option to still save templates locally (*on your computer*) for quick reuse or custom applications
- Many more templates in the works...

Thank You
