

BOATHOUSE

AQUATIC STORAGE

The BoatHouse is a multi-purpose shed offering plenty of storage room for those longer-than-normal items like canoes and single kayaks.

The 5-foot wide double door on the gable end and the dutch door on the long side of the shed allows you to park your ride-on lawn mower at one end while still leaving plenty of access and storage room for tools and other items. The backyard flair of the BoatHouse is further enhanced by the bank of three fixed windows that allow plenty of natural light to filter inside.
