

Revelation 19:7 Let us be glad and rejoice, and give honour to him: for the marriage of the Lamb is come, and his wife hath made herself ready.

That we the church should make ourselves ready.

THIS IS A WARNING TO THE CHURCHES! YOU CANNOT AFFORD TO TAKE THE MARK

You are being led into the snare that is coming on the whole earth.

Luke 21:35 "For it will come upon all those who live on the face of the whole earth."

Revelation 13:13 "And he performed great and miraculous signs even causing fire to come down from heaven to earth in full view of men." (14) "Because of the signs, he was given power to do on behalf of the first beast, he deceived the inhabitants on earth. He ordered them to set up an image in honor of the beast who was wounded by the sword and yet lived. (15) He was given power to give breath to the image of the first beast, so that it could speak and cause all who refused to worship the image to be killed. (16) He also forced everyone, small and great, rich and poor, free and slave to receive a mark on his right hand or his forehead. (17) So that on one could buy or sell unless he had the mark, which is the name of the beast or the number of his name. (18) This calls for wisdom. If anyone has insight, let him calculate the number of the beast for it is man's number. His number is 666."

Revelation 14:9-12 "A third angel followed them and said in a loud voice, if anyone worships the beast and his image and receives his mark on the forehead or on the hand. (10) he, too, will drink of the wine of God's fury, which has been poured full strength into the cup of his wrath. He will be tormented with burning sulfur in the presence of the holy angels and of the Lamb. (11) And the smoke of their torment rises up for ever and ever. There is no rest, day or night, for those who worship the beast and his image, or for anyone who receives the mark of his name. (12) This calls for patient endurance on the part of the saints who obey God's commandments and remain faithful to Jesus."

THE WORD "MARK" MEANS:

Strong's definition: G5580 xapyua chargma Khar'-ad-mah From the same as G482:: a scratch or etching, that is, stamp (as a badge of servitude) or sculptured figure (statue): graven, mark.

G5482 xapa, charax, Khar'ax From "charasso" (to sharpen to a point; akin to G1125 through the idea of scratching); a stake, that is, (by implication) a palisade or rampart (military mound for circumvallation in a siege)" trench

G1125 ypapco, grapho graf-o A primary verb; to "grave", especially to write, figuratively to describe: describe, write(-ing). And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. (Rev 13:17) MARK i.e. a scar

The needle makes the mark: a chip is inserted with a barcode in it, (www=World Wide Web) that is the Greek character for six six six(666). All your medical information and everything needed to be known

about you in order that a scanner can be waved over your right hand or forehead, in order that you may buy or sell, get medical treatment, drive, fly, hold a job, etc.

Many think that when the system is set up they will be raptured already. The scripture talks about the snare that comes on the whole world and many don't understand they have moved into the snare already. For example I want to refer you again to Revelation 13. It says that no man might buy or sell, save he that have the mark, or the name of the beast, or the number of his name.

In Ghana people are using the number of the beast or the number 666 right now in various forms like MasterCard, Visa Cards your bank cards in the black magnetic strip. You have a UPC barcode.

I have a newspaper article in front of me, The Daily Graphic dated Friday December 28, 2012 from when I was in Ghana. It's talking about the federal electrical commission wanted to start the radio frequency identification card. The article states the radio frequency identification card is in the use of wireless, noncontact system that uses radio frequencies electric magnetic fields to transfer data from a tag attached to an object for the purpose of automatic identification and tracking. It goes on to say the tag contains electronically stored information which can be read from up to several meters away. Unlike a barcode the tag does not need to be within line of sight of the reader and may be embedded in the tracked object. The tag could be read if passed near a reader even if it's covered by the object or not visible.

Now I want you to understand that Ghana is along with all the other nations moving into this snare. First I want to deal the barcode.

In the article it states, www (World Wide Web) is the Greek character for 666. If you're using a bank card or now using the RFID card you have in it a barcode. Even though they no longer want to use the World Wide Web card they now go to radio frequency which has a chip in it. Anytime you are using or buying something like bottles of water or things you buy you'll see a UPC barcode with two thin bars on each end and in the middle. The two thin bars stand for World Wide Web, 666. If you're using a bankcard any transactions – transferring money from one phone to another you're using 666. You're already moving into the snare.

Here in the United States most of the believers think they are going to be raptured but they're using it also and they think the chip is going to be future. I have met people with a chip in them. Eight years ago I met a man home from Iraq. He was in the military. I was trying to warn him and he didn't want to listen. I said you know they want to put a chip in you. He said he already had one. The military has been the early experiment for using the chip to identify people. They want to take away, what they call here in the United States the dog tag. Twenty years ago I was passing my literature out. The Lord leads me to go around to different churches. I put my literature on cars. Sometimes I walk in and talk to pastors. Twenty years ago I walked into this church, a charismatic Methodist church and the man said, angrily, what are you doing? When I told him what I was doing he told me to come and speak to his adult Sunday school class. One of the Grand Rapid hospitals wants to put a chip in his baby's heel. At that time is baby was fourteen months old. People think the chip is future but it's being used now.

Here in the United States there's a man named Timothy McVeigh who helped bomb a building in Oklahoma City, complained he had one in his butt.

During the Vietnam War they would put a chip the south villager's ear looking infiltrators. If they didn't have one, they felt it was somebody from the north hiding their village. Sometimes they were tortured or killed if they couldn't prove they were from the south.

The chip is in millions of cats and dogs. I went to the Bible Way Church of our Lord Jesus Christ convention in 2012. I met and talked to a man and women. She said she had a chip in her already for medical reasons. It's not in her right hand or forehead. There are thousands of people with medical problems and they put chips in them.

The chip is your bank account, your health records and all the information they can get on you. At that same Pentecostal convention I met a sister in the Lord. She said her daughter is intelligence, working for the government. She has a chip in her right hand. Anywhere there is a scanner she can buy right now. So it's not what's going to happen. It's happening right now.

In the United States they have put the chip in babies in New York. The government had a program years ago where they put pictures on milk cartons of children that were lost, stolen, kidnapped or ran away to put fear in parents. After that they switched to putting the pictures in a big department store here in the United States called Walmart. Then they put an ad in the New York paper and told every mother with children from six months to two years old they would pay them \$25 and put a chip in them. So there are thousands of babies with a chip in them already.

You cannot escape the system. Your new computers can read your face. New TV's can count the number of people in the room. If you go into any major shopping market you have security cameras connected to satellite systems. People can pull up your picture if need be.

When the World Trade Center in New York City was bombed they were trying to find more information on the bombers who flew the airplanes. They talked to a man who had an argument over a parking space with one of the men who helped fly the plane into the World Trade Center. When they found the rental car he had used then they had the information. Within two hours they had their pictures from four different countries. If you go into airports or any major building with cameras then you are on record. You're on a satellite and can be pulled up from different parts of the world.

People take pictures on their phone called selfies. That is recorded on satellites. You're moving into the system.

I was in Uganda in 2016. Over there they started their national identity card. On the back of the identity card is a UPC barcode. Again as I said two thin lines on each end and in the middle is 666. Bank cards, drivers licenses, credit cards have 666 in it. So it's not what's going to happen. It's what's happening right now.

There are people who have voluntarily taken the chip. I was in South Africa three years ago and they are putting the chip in early release prisoners. If you want to get out early take this chip. They did that also

in the United States. They use a band around their leg called a tether. They put a chip in the tether. Some of the people who wear it didn't understand how it operates. Their parole officer can watch them on his computer break into a place. You are moving into this snare not knowing.

The president of Ghana announced four months ago Ghana needs to go cashless. The EU nations, the Beast nations, the World Bank are moving the other nations into a cashless society. You are moving into the snare. The trap has not closed around you yet. The beast is the old Roman Empire. The head of it is the anti-Christ, which means instead of. That is the main push behind the world powers. Because of the need for money, World Bank, money from out of the country all nations especially Africa are being pushed into it pretty quickly. Here in the United States president Bush signed the bill in 2008 to start the radio frequency identity card. The states fought it so it's been delayed. There were seven states that wouldn't comply with it. They've tried five times at this point to take away the cash. They wanted to forty years ago. They haven't been able to do that yet. I was unable to use my driver's license in another state to renew my hunting license because those states hadn't complied with the national security law act. Your driver's license is normally your identity and would be good in any state. Now your driver's license is no longer good in all states.

They are also dealing with biotech where they read your eyes. Some of the bombers are covering their face so they want to be able to read your eyes. They are designing the TV's and computers to read your eyes and thumbprint.

Here in the United States Duke Oil in Ohio you can get your fuel just with your thumbprint. The grocery store in our local community the employee first puts their thumbprint at a reader by the office door. The whole world is already moving into that snare. If you're going to use your computer you're using the World Wide Web, 666.

Satan knows how to bring about this system. It's just taking longer than what people thought it would. There was a man in the United States who prophesied that Donald Trump would win. Trump was such a nut nobody thought he would win. He didn't think he was going to win. What the man prophesied has come to pass. He said the reason the Lord put him in there is to slow down what's happening here in the United States, to start the national identity card and put the chip in people. For example in the health bill they were planning on in 2017 putting the chip in people. The website in the paper I referred to you can look up a machine in Virginia in the United States that will scan your right hand, forehead or smart card.

I got my smart card this year. They are closing down my ability to use my debit card without a chip in it. Everything is going to go to a chip. If Hillary Clinton had won the United States election they would have started putting chips in people this year from the health care bill. A lot of people didn't want it. If they didn't have health insurance they would fine them \$600 a year or they wouldn't get their income tax returns. There are ways of forcing people into it. The problem with it is there are many born again children of the Lord do not have faith for healing, deliverance safety and all the things that salvation means. The word means rescue, safety, physically, morally, saving health, deliverance. This church world has not entered into a covenant to be made whole to be able to overcome by the blood of the lamb and

the word of their testimony. Revelations 12:11. That's the scripture telling us the only way you're going to overcome this system

There are various means of different doctrines saying it doesn't matter what denomination you are in as long as you're born again. The thing that's missing is people didn't know they were supposed to make a covenant to be made whole. In Revelation 12:11 it says they overcame him by the blood of the lamb and by the word of their testimony and they loved not their lives unto death. When it talks about overcoming by the blood of the lamb it's talking about a blood covenant. The testimony means a legal evidence giving judicially, or a record report or witness. It's something that is recorded in heaven. I'll be teaching more about that later. I want you to understand as you read this have moved into the system by using www, World Wide Web.

This article in the Daily Graphic dated Friday December 28, 2012 states if you have your radio frequency identification card you are using a chip that can be tracked. Here in the United States those who have their smart card with a chip you have to cover it aluminum foil or carry it in a metal container because somebody with the technology can walk by and pick up your information. Then go somewhere and use your radio frequency identification card. You need to understand it's not something that is going to happen. It's something that's happening right now. There are people here in the United States that has relatives with it. For example the lady at the same convention that told me her daughter has a chip in her right hand already also said that in Houston, Texas the elderly who's minds are not good, their children are having the chip put in their parents gum. So with the chip in the gum if they walk off and get lost they can take a scanner and go find them by tracking them down.

Just like in the article where the head of the electoral commission says the tag contains electronically stored information which can be read from up to several meters away. As I stated earlier the people with chips in them can be picked up. As they increase the ability to pick them up from a distance you can be followed by satellite. Everywhere you go there will be technology that will pick up the information everywhere you go from that chip. It has to be covered in some kind of metal to keep people from picking up your information. We have a large grocery store, Walmart in the United States. They were trying to start the smart card, radio frequency identification card for their store in 2008. The way they advertised in on TV was with a man walking in the store in a long black coat. He picked up whatever he wanted and put it in his coat pockets and started walking out. On the commercial you heard a voice call him by name and say you forgot something. You forgot your receipt. As the system increases in stores around the world you can go into a store with the chip in your card, your hand or forehead and get anything you're going to buy put it in a bag and cart and walk out and the radio waves will take the prices of everything and take it out of your account. There is no money because the money is going to be taken away. The money will be transferred to whoever the money is owed to. In this case it would be the store. You are presently moving into that system. In many ways cars can be tracked by satellite. Here in the United States we have what we call an on star system. With the on star system you can have an accident and stop sharply and activates the on star system and a person will ask if you need help. Do you need a tow truck? Do you need an ambulance? You tell them what you need. You don't have to tell them where you are. They know where you are by satellite.

The first time I came to Ghana almost twenty years ago I met a business man that said they have a chip in their cars and they are waiting for the technology to be able to track them. It will go into the license plate. Whatever community, city they will know by the satellite where the car is at.

Part of the reason it was developed here is when people rent cars or buy cars and don't make payments they can find that car. They also have cars here that if you lose your keys you can call the satellite by phone and they will unlock your car by satellite. So we're in the system. We're moving in it. It's not what's going to happen. It's happening now.

I will be teaching on what the church must do to be ready for that. Most of the church just got ready to die. If you look around you, open your eyes and look at the various types of cards you're using. The black strip you have World Wide Web. You can't see it. In Uganda their national identity card has World Wide Web. They're being pushed hard in the system. Part of the snare of the devil is they are giving you the GMO (genetically modified organism) bananas, rice, corn and different products. With that type of altered food, genetically produced you cannot replant the seed. You have to go back to the person you bought the seed off of. A time will come you won't be able to go back unless you have your 666, national identity. So you're moving into the snare.

I saw an advertisement in Ghana some years ago how wonderful your new bananas are. You can get rich. Bananas take more fertilizer. You can't plant these genetically altered trees without going back to wherever you got them. It takes more effort but you've moved into a snare where you can't function with your genetically altered crops like your rice or corn like they do here in the United States. You'll have to go through the system. Another way you're moving into the snare is through cars. They are operating more and more off of a computer. For most people in Ghana you won't be able to fix your car. You'll have to go back to the dealer. This is all ways of bringing in a system where you're totally dependent on the number of the beast, 666, the number of his name, the anti-Christ of the number of Satan. The scripture talks about the dragon, Satan, about the beast, that's your EU nations. Talks about the false prophet you're talking about a pope. Continue to read the ongoing articles. I will be teaching on what the church must do to be prepared to overcome by the blood of the lamb, by the word of their testimony. You will also see another website in this article you can look up and see this man gets three chips. He can unlock his house, his safe and his car. Look those up and as you see you'll understand you need to get ready to stand and see the salvation of the covenant keeping God.

In Revelation 16:1 it reads And I heard a great voice out of the temple saying to the seven angels, Go your ways, and pour out the vials of the wrath of God upon the earth. The word God there is creator, Elohim. Revelation 16:2 And the first went, and poured out his vial upon the earth; and there fell a noisome and grievous sore upon the men which had the mark of the beast and upon them which worshipped the image.

There comes a time when the Lord is going to cause those chips in the right hand or forehead to break. In your right hand between your thumb and finger there's a temperature fluctuation makes the lithium batteries recharge. They operate off the lithium. In the forehead the skin thin at the hairline where mothers check the temperature of a baby, the temperature fluctuation makes the batteries recharge.

When it breaks the lithium will leak into your body and you will have a very bad sore. The Lord knew 2000 years ago when he told John to write this that the computer system would operate on www, world wide web, the number 666. Two thousand years of prophesy he knew where technology would take us. Here it is coming to pass. As I said before you are practicing using 666 every time you use the computer system, the World Wide Web or your phones. You're conducting business with it now.

Exodus 6:2 And God (the word God there is Elohim, meaning the creator) spake unto Moses, and said unto him, I am the Lord: The word Lord there is really the word Yahweh, which means the covenant keeping God. They translate it in other places as Jehovah and into your bible as Lord in the King James. Exodus 6:2 goes on to say, I appeared unto Abraham, unto Isaac, unto Jacob, by my name of God Almighty, but by my name JEHOVAH was I not known unto them. When it talks about the Almighty God it means the breasty one, one who can do everything needed to deliver his children. The word El is another name or title for it, El or the Almighty who can do all things for his people. Jehovah is what's written in your King James but really it's Yahweh, the covenant keeping God. It is true of this church world that some know him as an almighty God because of the miracles seen or experienced. While others know him as the one who caused them to be born again, delivered from their sins. This church world does not know him by his covenant name, Yahweh. They don't know him in relationship. There are people who know what the name Yahweh means but I'm talking about in a covenant relationship. This church must get to know him in covenant relationship for the time you cannot buy or sell without the mark, chip in your hand or in your forehead. The only way you're going to overcome is by is by a blood covenant. That needs to be added to your born again experience. The church must be able to sing the same song they sang when they came out of Egypt.

Exodus 15:1 Then sang Moses and the children of Israel this song unto the Lord (Yahweh the covenant keeping God), and spake, saying, I will sing unto the Lord (the covenant keeping God, Yahweh), for he hath triumphed gloriously: the horse and his rider hath he thrown into the sea.

Exodus 15:2 The Lord (the word Lord there is Yah translated to Jah in Psalms. There were no J's in the Hebrew but when they translated, instead of Yah they put Jah. It means the eternal one, he who always was, he who presently is and is to come. Yah came in the flesh in his son. God with us) is my strength and song, and he is become my salvation: his is my God, and I will prepare him an habitation; my father's God (Elohim, the covenant keeping God), and I will exalt him. The covenant keeping God took Abraham and created a race of people, Jews.

The covenant keeping God is my strength and song. He has become my salvation meaning my rescue, safety, physically, morally, saving health, deliverance aid, preservation of your life. He is my God means he is my El or my almighty God.

Exodus 15:3 The Lord (Yahweh the covenant keeping God) is a man of war: the Lord (Yahweh) is his name.

So this song is the same song you and other saints of God who come out of the great tribulation must be able to sing. You'll see this same song in Revelations 15. This church is not read to sing they have a covenant relationship with the covenant keeping God. Revelations 15:2 And I saw as it were a sea of

glass mingled with fire: and them that had gotten the victory over the beast (the EU nation, the old Roman Empire), and over his image (Mary), over his mark (the punch, scratching), and over the number of his name (666, the barcode, RFID card and later that technology in your hand/forehead), stand on the sea of glass, having the harps of God (Elohim, Creator). Revelations 15:3 And they sang the song of Moses the servant of God (the Creator), and the song of the Lamb, saying, Great and marvelous are thy works, Lord God Almighty; just and true are thy ways, thou King of saints. We have to be in a position of covenant relationship to be able to sing this song of Moses.

Revelation 15:4 Who shall not fear thee, O Lord (O Yahweh), and glorify thy name? for thou only art holy: for all nations shall come and worship before thee; for thy judgments are made manifest.

As you continue to read and open your eyes to what the church must do to be ready. (The bride is making herself ready) This is what you have to be able to understand. Add to your born again experience. Get out of Babylon. We will have miracles. There are people planning on killing Christians. The scripture says when that great tribulation comes they will be killing believers. The Catholic church killed over 64 million people during the Spanish inquisition and over 50 million believers who refused to except that doctrine of praying to the dead, worshiping the pope, idols and images. The Fox's book of martyrs you'll see pictures of what they've done. You can order that book. They cut the breast off of women. Yahweh isn't going to allow them to kill all of us. We're going to have miracles happen and he will take care of us during those three and half years. We need to be able to be in a covenant relationship so we can be taken care of and have the miracles we'll need for the three and half years you can't go to the grocery store. You can't buy seed for your crops. You can't go to the hospital. You can't drive. There won't be much you'll be able to do without that chip in your right hand or your forehead.

The Seven Day Adventist are deceived into believing the mark of the beast is having a meeting on Sunday, going to church on Sunday. The word mark doesn't have anything to do with going to the church on Sunday. The reason they believe it's the mark of the beast is because it's the Catholic Church said it's the mark of their power to change the time of the world. Our calendar is on the Roman calendar. Not on the Hebrew calendar. Unless you are in the time zone or in Jerusalem itself you're not really keeping the Sabbath. In the United States for example if you're in the time zone I live in there's a seven hour difference between the eastern side of the United States and Israel. If you live on the western side of the United States there's eleven hours difference. Yahweh said keep my Sabbath. His Sabbath started hours earlier than the time zone in Ghana. That's another way Satan has deceived the Seven Day Adventist into thinking they are avoiding the mark of the beast. When the time comes to put a chip in them they will be deceived and accept it unless they get their eyes open. When the time comes and you go to the doctors, hospital, grocery store or when you are just driving your car they're not going to care if you go to church on Saturday or Sunday. They will just scan your hand or forehead and get the information.
