FAQ

HOW TO BECOME A PAGE STATIONERY CUSTOM RETAILER.

Yeah! You want to become part of our custom retail family. Just send us a request via our website pagestationery.com/wholesale or drop us an email at sales@pagestationery.com. Next step would be notification of approval and our sharing the custom retailer requirements with you.

WHAT COMES WITH BEING A CUSTOM RETAIL PARTNER?

Once you determine which albums you wish to carry, we make it our mission to set you and your team up for success. Just having our new universal letterpress Design Guide will make you feel like a rock star. It is super easy to navigate and the extra handy paper sample and envelope guides will make any consultation a breeze. We offer one-on-one training as well over the phone or via Skype to get you all set up. The best part of the deal is you have access to our toll-free phone number that has a super helpful and happy person who will always pick up and answer all of your questions every time!

IS THERE AN OPTION TO ALTER OR CUSTOMIZE DESIGNS?

Yes! We work very hard on all the creative designs showcased in our albums but we also understand at times clients request something unique and special to them. Good thing we love collaborating to bring the most beautiful invitation, announcement, stationery, or holiday card to life. We offer all levels of customization whether it be with favorite colors, motifs, fonts, paper, or envelopes. We are happy to work with you to arrive at the best possible result. We also really enjoy a good design/production challenge. We consider this type of support and customer service to be priceless.

HOW LONG DOES THE PROCESS TAKE?

Once orders are submitted, we aim to have a digital proof sent within 2-3 business days. Upon proof approval, we will gather all the elements together and prep for production and proof-read everything one more time. Our average turn-around time for all letterpress orders is 10 – 14 business days and digital orders from proof approval 5-7 business days. With special and intricate customization, there may be additional production time needed, but we will inform you if that is the case at the beginning of the order process, so you that you can plan accordingly.
