CHOCOLATE BARS

Not your average candy bar

Each bar is almost 1/4 lb of the best chocolate ever tasted. Available in milk chocolate, dark chocolate and milk chocolate with crisp rice.

Giant bars, giant profits - \$3 each

Bars sell for \$3. The same effort to sell a \$1 bar yields a \$3 sale. Everyone loves these bars and no one ever complains about price. Why not get three times the sales and profits for the same amount of effort.

How bar & rod programs work

Set a goal for the amount of money your organization wants to raise. Calculate the number of boxes to reach your goal. Place your order. Distribute products to salespeople. Congratulate your group for the most profitable fundraiser you ever held.

Tips for a successful fundraiser

Ask family & friends to support your organization. Most are happy to be able to support your efforts. Sell at work and at outings. Ask businesses to put displays on their counters. Ask grocery and large discount stores for permission to sell in front of their stores. It's so easy you can sell almost anywhere.

Our Guarantee - Great products, great service, and great profits! And never any hidden costs.
