Corded Jig & Reciprocating Saws

Bosch Jig Saw #PTB1587AVSK

Features:

- 5 Amps, 500-3, 100 SPM
- Tool free blade change system for fast and easy blade changes
- Exclusive multidirectional blade clamp mechanism for superior blade hold
- Low vibration design ensures extremely smooth operation
- 4stage orbital action adjusts blade motion to match workpiece and cutting task
- Low position roller guide ensures blade stability and precise cutting
- 3 position dust blower
- Adjustable diecast aluminum footplate
- Variable speed control dial sets maximum speed. Trigger controls operating speed.

# Reciprocating, Dry Cutter & Miter Saws

# **Dewalt Reciprocating Saw Kit**

# #PTDW310K

### Features:

- 12 Amp motor delivers increased power for heavyduty applications
- 0-2,700 SPM and 1 1/8" stroke length for fast and efficient cutting
- Keyless stainless steel blade clamp for quick and easy blade changes
- Keyless adjustable shoe easily adjusts depth of cut and extends blade life
- Variable speed trigger provides control and increased versatility Kit Includes: Heavyduty carrying case and instruction manual

# **Jepson Dry Cutter**

and increased reliability

# #PTJ9312S

The Jepson dry cutter is built for speed. It has a powerful high torque 2,000 Watt motor that allows for continuous operation through the heaviest guage material. A patented quick release vice design will allow for maneuverability and maximum efficiency. A variety of built-in safety and durability features to ensure smooth operation and long tool life. Specially designed dry carbide tipped saw blade is perfect for precision cutting of metal and plastic applications without lubricants or manual deburring. AC-DC

### **Specifications:**

- 2000 Watts / 115 V / 15 Amp
- 1500 RPM
- Blade Diameter.....12"
- Arbor.....1"
- Overall Length: 13 9/16" x 22 7/8" x 14 13/16"
- Weight: 41.8 lbs

### **Standard Equipment Includes:**

1 Dry Cutter Blade (60 T), 1 Hex Wrench, 1 Goggle

# Replacement Carbide Tipped Blade (1800 RPM)

Part#	Specifications	<u>Usage</u>
PTJ1404016	12" x 1" x 60T	Metal
PTJ1404018	12" x 1" x 80T	Stainles

# **Dewalt 12" Double Beveling Sliding Compound Miter Saw**

### #PTDW718

### Features:

- Powerful 15 Amp, 3,600 rpm motor delivers extended power and durability
- Adjustable stainless steel miter indent plate with 10 positive stops improves productivity and ensures cutting accuracy
- Precise Miter System and Machined Base Fence optimizes cutting accuracy
- Tall sliding fences support crown molding up to 6-5/8" nested and base molding up to 6-1/2" vertically against the fence while easily sliding out of the way for bevel cuts
- Innovative gearbox and belt-drive design increases vertical cutting capacity
- Single lever action double bevel design easily bevels left and right 0° to 48° with positive stops at 0°, 22.5°,33.9° and 45° in both direction permitting user to flip the saw and not the material
- Exclusive Back Fence Design cuts up to 2 x 16 dimenional lumber at 90° and 2 x 12 at 45°
- Miters 60° to the left and 50° to the right provides increased capacity
- Dual horizontal steel rails with innovative clamping mechanism and linear ball bearings deliver an accurate, durable and compact saw.
- Camlock miter handle with detent override delivers quick and accurate miter angles
- Compact, lightweight design (53 lbs.) allows for easy transport and storage
- Designed to work with Miter Saw Laser System which delivers visibility of the cutting path
- One Year Free Service 3 Year Limited Warranty
- Kit includes: carbide blade, blade wrench, dust bag and vertical material clamps

# SS

• Tool Length: 18" • Weight: 8.6 lbs

# Corded Circular Saws

# Morse 9" Metal Circular Saw

# PTMCSM9MB

#### **Features:**

- Laser Guide
- 0° to 45° Beveling
- Overload Switch
- Chip Collection Chamber
- 8' Power Cord
- Retractable Blade Guard
- Durable carrying case
- One Year Warranty

### **Specifications:**

- 1800 Watts / 110 V / 60 Hz / 15 Amp
- No-Load Speed......2500 RPM
- Blade Diameter.....9"
- Arbor.....1"
- Box Dimensions: 18 1/2" H x 23 1/4" L x 16" W
- Weight: 19.75 lbs

### **Cutting Capabilities:**

Maximum Cutting Reach3	1/4"
Maximum Thickness of Cut(Mild Steel)	3/8"
Bevel Cut	45°

### **Standard Equipment Includes:**

Carrying Case, Laser Guide, Side Handle, Length Adjuster, Overload Switch, Retracting Blade Guard, Metal Chip Collection Cover, Wrench attached to unit, Spindle Lock for easy blade changes, Safety Goggles, Ear Plugs, Morse Metal Devil® Steel Cutting Blade CE, EMC, ISO9002, UL, CSA, ANSI safety Cerified

# Morse 7" Metal Circular Saw PTMCSM7MB

#### Features:

- External Overland Switch
- Chip Collection Chamber
- Retractable Blade Guard
- 8' Power Cord
- Durable carrying case
- One Year Warranty

### **Specifications:**

- 1080 Watts / 110 V / 60 Hz / 11 Amp
- No-Load Speed......3500 RPM
- Blade Diameter.....7"
- Arbor......20mm
- Box Dimensions: 18 1/2" H x 23 1/4" L x 16" W
- Weight: 13 lbs

Each Saw Equipped With 1 Steel Cutting Metal Devil® Carbide Tipped Saw Blade!

# **Cutting Capabilities:**

Maximum Cutting Reach	2.36"
Maximum Thickness of Cut(Mild S	teel) 1/4"

### **Standard Equipment Includes:**

Carrying Case, Overload Switch, Spindle Lock for easy blade changes, Retracting Blade Guard, Metal Chip Collection Cover, Length Adjuster, Side Handle, 6mm Hex Key, Safety Goggles, Ear Plugs, Morse Metal Devil® Steel Cutting Blade

CE, EMC, ISO9002, UL, CSA, ANSI safety Cerified

# Porter Cable 7 1/4" Wood Blade-Right Circular Saw

# #PTP324MAG

### Features:

- Quik-Change™ keyless blade change offers tool-less blade changes in seconds.
- Magnesium construction provides more durability and lighter weight at 9.6 lbs.
- Aggressive cuts with a 15 amp motor at 5,800 RPM
- Soft grip handle for a comfortable fit.
- Versatility with its 0-50 degree miter capacity and a positive stop at 45 degrees.
- Magnesium base features quick referece 45 degree edge for marking material.
- On board cord clip keeps cord away from blade side of foot.
- 100% ball and needle bearings.
- Extended miter lip on lower guard for no-hang up cuts.
- Standard Equipment: Saw, 18T carbide tipped Razor™ blade, carrying case and operating manual.
- Available in lift side. Consult a sales representative.
- One Year Warranty

# **Porter-Cable Router**

### **#PTPC690**

### Features:

- 11 Amp, 27,500 RPM motor producing 1 3/4 Peak HP
- Cam lock lever enables simple coarse height adjustments and motor release
- Micrometer depth adjustor accurate to 1/128"
- Dust-sealed switch and sealed ball bearing construction enhances tool durability
- Precision machined aluminum motor housing & base
- Auto-release collet system enables simple bit removal
- Collets included to accept 1/4" and 1/2" shank bits
- Under the table stop prevents motor from inadvertently rotating out of the base

# Porter Cable 3" x 24" Sander

# #PTP360

### Features:

• Powerful 12.0 amp motor provides 20% more power than before

• Motor is located over platen for maximum performance and perfect balance.

• Belt & gear drive system transfers power from the motor to the sanding belt

- Belt speed of 1,500 SFM for rapid stock removal
- · Quick release belt-

change lever

- Fingertip belt-tracking knob for quick, accurate belt adjustments
- Large capacity dust collecting bag swivels 360° so it's never in the way during sanding
- User friendly design with ergonomically correct handles
- Standard Equipment: Sander, 100G ceramic aluminum oxide belt, dust bag assembly and operating manual

See Page 94 for Replacement Belts.

### **Specifications:**

- •120 V / 25-60 Hz /120 VDC 12 Amp
- •Belt Speed......1,500 SFPM •Belt Size.....3" x 24"
- •Length......14"

# Corded Grinders & Drills

# **Bosch Angle Grinder**

#PTB1347A

### Features:

- Specifically designed and angled to a "natural" position for maximum comfort and control
- 6 Amp, 11,000 RPM
- Lock-on/off switch for extended use applications
- Service Minder™ brushes Eliminates guesswork, stops the tool when preventative maintenance is required.
- Precision spiral bevel gears Quality engineering and construction for smooth power transmission
- 5/8" 11 Spindle For quick wheel changes.
- Spindle lock Wide flexibility for mounting most popular accessories
- 2 position auxiliary handle
- Double Insulated, UL Listed, complies to OSHA
- Includes: Guard, Auxiliary Handle, Flange Kit, Spanner Wrench and Abrasive Wheel

### **Specifications:**

- •120V AC Amp
- •No Load RPM.....11,000
- •Wheel Diameter......4.5"
- •Weight......4.6 lbs

# Milwaukee Tools 1/2" Magnum Drill #PTM0234-6

#### Features:

- 5.5 amp motor, 0 to 850 rpm, trigger speed control with reversing
- · Heavy-duty industrial chuck
- 8 ft 3-wire Quik-Lok® cord with easy detachment for storage
- Exclusive brush cartridge system changes brushes in less than one minute
- Includes: Side Handle and Chuck Key with Holder
- Five Year Warranty

# **Ouik Drive G2 Auto Feed Screw Driving System**

# #PTQG2

### Features:

- Sold with electric drill.
- Quik-Change™ keyless blade changer offers tool-less blade changes in seconds.
- Magnesium construction provides more durability and lighter weight at 9.6 lbs.
- Aggressive cuts with a 15 amp motor at 5,800 RPM
- Soft grip handle for a comfortable fit.
- Versatility with its 0-50 degree miter capacity and a positive stop at 45 degrees
- Magnesium base features quick referece 45 degree edge for marking material.
- On board cord clip keeps cord away from blade side of foot.
- 100% ball and needle bearings.
- Extended miter lip on lower guard for no hang up cuts.
- Standard Equipment: Saw, 18T carbide tipped Razor™ blade, carrying case and operating manual.
- Available in lift side. Consult a sales representative.
- Banana Clips™ are available for different applications, see screw section.
- One Year Warranty

New Banana Clip™ replaces long, heavy coils with easy to handle, light weight strips. They curve away from the material surface making it easier to drive from any angle.

# Compressors & Nailers

# Porter Cable Side Stack Compressor

# #PTPC3101

### Features:

- 5.3 SCFM for faster tank recharge of 4.3 gallon tank
- 150 PSI Max for longer tool run time
- 120 PSI cut-in pressure provides 30 psi "Bonus Air" before a 90 PSI tool becomes inoperable
- 1.6 (running) HP induction motor for long life
- High-Flo SM air regulator and push to connect coupler
- Full roll cage frame for pump and motor protection
- · Control panel is offset to avoid contact on job site
- Standard Equipment: Compressor, High-Flo SM air regulator and push to connect couplers and operating manual
- Weight: 19.75 lbs

# **Porter Cable Pancake Compressor**

# #PTPC2150

#### Features:

- 1.2 HP (running) 4 gallon, mobile, contractor, "pancake" style tank air compressor.
- 15 Amp current required
- 12 Volts/60 Hz/1 Phase
- Large, easy to read, regulated air pressure guage
- Cushioned handle for improved comfort and grip
- Frame provides increased mobility, two pick-up points, and protection for pump and motor
- 4 gallon storage capacity air tank supports heavy usage of brad nailers, staplers, and finish nailers, moderate usage of roofing and framing nailers.
- One year limited warranty
- CUL listed with ASME safety valve to meet all codes
- · Oil free pump design for durability and no maintenance
- 150 PSI tank pressure for longer tool runtime.
- Air delivery 4.5 SCFM @ 40 PSI, 3.3 SCFM @ 90 PSI
- $\bullet$  80 dBA quiet operation (up to 50% quieter than 2 pole oil free models)
- High 120 PSI cut-in pressure provides 30 psi "Bonus Air" before a 90 PSI air tool becomes inoperable
- Four-pole, 1725 RPM induction motor for long life and quiet operation
- High-flo air regulator allows more work at higher pressure
- Universal High-Flo, push to connect coupler and air outlet
- Standard Equipment: 4 gallon 150 PSI Air Compressor, Frame provides increased mobility, ASME safety valve and operating manual
- Weight: 58 lbs

# PORTER CABLE FINISH NAILER KIT

# #PTPCFN250B

ORTER+CABLE

### Features:

- Uses 16 GA. finishing nails from 3/4" to 2 1/2"
- Steamlined body design for better grip, balance, and style
- Sturdy aluminum extruded magazine
- Internal piston catch mechanism keeps piston at initial position for consistent power
- Tool-free nail depth control
- Tool-free jam release mechanism designed not to block line of sight
- Tool-free adjustable exhaust
- Non-marring nose tip with on tool storage
- Standard Equipment: Nailer, carrying casebox of 1000 finishing nails of 2", 1/4" air fitting with dust cover, oil and operating manual
- Standard Equipment: Nailer, 1/4" air fitting with dust cover, carrying case, oil and operating manual
- Weight: 3 3/4 lbs.
- Shipping Weight: 8 lbs.
- Operating Pressure: 70-120 psi
- Firing Mode: Seq Fire
- Jam Clearance: Side Lever Type Quick Release note

# Nail Guns =

# PORTER CABLE ROUND-HEAD FRAMING NAILER KIT

# #PTPCFR350A

### Features:

- Uses 22 degree 2" to 3 1/2" x .113" to .148" plastic collated round-head framing nails
- Nail lockout mechanism alerts operator to reload tool
- Tool free adjustable exhaust
- Removable non-marring nose tip with on tool storage
- Delivers twice the life of previous tools
- Power to drive nails (up to 3 1/2" x .131") into engineered lumber
- Compact body design for better balance and style
- Consistent power on every shot with internal piston catch mechanism
- Selectable trigger restrictive or contact actuation mode
- Tool free adjustable depth of drive with detents for proper setting of nail heads
- Better balance with in line hard coat anodized magazine

• Operating Pressure: 70-120 psi • Magazine Capacity: 64 Nails

# PORTER CABLE NARROW CROWN STAPLE KIT

# #PTPCNS150A

### Features:

- Uses standard 18 Ga., 1/4" crown staples from 1/2" to 1 1/2" long
- Special hardened driver blade with quick release nosepiece
- Strong and light weight die-cast aluminum body
- Rugged top load magazine with hardened steel rail
- Contact safety located behind driver guide for stapling in tight spaces
- Tool free jam release mechanism designed not to block line of sight
- · Removable rubber nose cushion protects delicate work
- Standard Equipment: Stapler, 3/8" NPT air inlet with 1/4" air fitting with dust cover, carrying case, oil and operating manual
- Weight: 2 1/2 lbs.
- Shipping Weight: 8 lbs.
- Operating Pressure: 70-120 psi
- Firing Mode: Sea & Bump Fire
- Jam Clearance: Hinged Lever Type Quick Release Note

# PORTER CABLE MEDIUM CROWN STAPLE KIT

# #PTPCMS200

#### Features:

- Drives Senco Type "N" Wire 16 Ga. 7/16" crown construction staples from 1" to 2" long
- Powerful piston with Teflon® ring design that prevents cylinder bore scuffing lasts far longer than conventional "O" rings
- Tool free adjustable exhaust diffuser
- Open top-load hard coat anodized magazine with push button follower accommodates two 70 staple strips or three 50 staple strips
- Quick release nose piece for easy jam removal
- Tool free depth of drive adjustment to enable fastening without staple drive-through
- Standard Equipment: Stapler, 3/8" NPT air inlet w/ 1/4" air fitting with dust cover, carrying case, oil and operating manual
- Weight: 5 7/8 lbs.
- Shipping Weight: 13 lbs.
- Operating Pressure: 70-120 psi
- Firing Mode: Restrictive or contact actuation
- Jam Clearance: Lever Type Quick Release Nose

# **Drills** - Battery

# **Dewalt Drill/Driver Kit**

# #PTDW056K-2

#### Features:

- Compact size and weight allows access into tighter areas and reduced user fatigue
- 1,170 in/lbs. of maximum torque to perform a wide range of fastening applications
- 0-2,400 rpm/0-3,000 bpm for faster application speed
- Textured anti-slip comfort grip provides maximum comfort
- Durable magnesium gear case and all metal transmission for extended durability
- · Heavy duty impacting mechanism directs torque to fastener with kickback

# **Specifications:** • 18V • Driver Size......1/4" Hex Shank • No Load Speed.....0-2,400 rpm • Impact/Min.....0-450/0-1.500 • Max Torque......1,170 in-lbs • Max Torque......98 ft-lbs • Tool Length......6-1/2" Shipping Weight......10.86 lbs

# **Dewalt Drill/Driver Kit**

### #PTDC759KA

### Features:

- Compact size: fits into the tightest conditions
- Lightweight design (5.2 lbs.) minimizes user fatigue
- High performance motor delivers maximum power of 380 unit watts output
- Dual speed range: 0-450/0-1,500 rpm delivers optimal performance
- 1/2" single sleeve keyless ratcheting chuck for tighter bit grip
- Maximum durability and reliability withstands jobsite conditions
- One Year Free Service 3 Year Limited Warranty
- Kit includes: 1 hour charger, 2 18V batteries, double-ended screwdriver bit, heavy-duty kit box

# **Specifications:**

• 18V

Maximum Power	.380	UWO

- 0-2,400 rpm/0-3,000 bpm for faster application speed
- Textured anti-slip comfort grip provides maximum comfort
- Durable magnesium gear case and all metal transmission for extended durability
- Heavy duty impacting mechanism directs torque to fastener with kickback
- One Year Free Service 3 Year Limited Warranty
- Kit includes: 1 hour charger, 2 18V XRP™ batteries, heavy duty kit box

# **Specifications:**

• 18V

• Driver Size	1/2" Square
• No Load Speed	0-2,400 rpm

- Impact/Min.....0-3,000 bpm
- Max Torque......1,650 in-lbs
- Max Torque......138 ft-lbs
- Tool Weight......4.9 lbs
- Tool Length.....6-1/2"
- Shipping Weight......10.68 lbs

# Panasonic Drill/Driver Kit #PTPEY6535NOKW

### Features:

- Based on four primary principles: cordless capability, power, lightweight, and ergonomic
- Lightweight design (4.8 lbs.) minimizes user fatigue
- This powerful drill driver delivers full torque at any speed, so full force can be applied while still maintaining control.
- Dual speed range: 0-450/0-1,500 rpm delivers optimal performance
- With an 18 stage clutch plus drill position, 1/2" snap on keyless chuck, variable speed control,impact and driver modes, electric brake and a quick-charging system, this high quality tool is ideal for general construction, plumbing, electrical installation work and carpentry.
- It sinks lag bolts and long deck screws with minimum twist resistance on your hand and arm and sets steel or concrete anchors in short order.
- One Year Free Service
- Kit includes: 1 hour charger, 2 15.6V batteries, heavy duty kit box

Specifications:	15.54893.0

- •High Power Torque......286 in.lbs./Drill mode
- •High Power Torque.....1,100 in.lbs./Impact mode
- •High Power Torque......3,300 ipm./Impact mode
- •# of Speed Settings.....2
- •Max RPM.....0-2,200 Impact mode
- •Max RPM.....0-650 Impact mode
- Clutch Setting......18
- •Clutch Size......1/2"
- •Reversible.....Yes •Electric Brake.....Yes
- •Tool Weight......4.8 lbs

# **Dewalt XRP™ 18V Battery Pack**

### #PTDC9096

- High capacity XRP™ battery has 40% more run-time than standard batteries.
- Powers entire Dewalt line of 18V tools allowing users to run multiple tools from the same battery pack.

# Dewalt 7.2V-18V Dual Port 1 Hour Charger #PTDW9216

- Charges two batteries in 1 hour or less, minimizing down time
- Charges all Dewalt 7.2v 18V batteries (except Univolt batteries) so users need only one charger for multiple cordless products.
- Dewalt 3-stage charging system provides maximum run-time and extands over all life of the battery
- Battery thermal protection system prevents charging batteries that are too hot or too cold which causes damage to the battery and a loss of run-time.
- · Diagnostics with 5 LED indicators to show battery charge status: charged, charging, power line problem, replace pack, and battery too hot or too cold

# **Dewalt 7.2V-18V 1 Hour Charger** w/Automatic Tune-Up Mode #PTDW9116

- Charges all Dewalt 7.2v 18V batteries (except Univolt batteries) so users need only one charger for multiple cordless products.
- Dewalt 3-stage charging system provides maximum run time and extends overall life of the battery
- Battery thermal protection system prevents charging batteries that are too hot or too cold which causes damage to the battery and a loss of run time.
- Diagnostics with 5 LED indicators to show battery charge status: charged, charging, power line problem, replace pack, and battery too hot or too cold

# **Dewalt 7.2V-18V 15 Minute Charger** #PTDW9117

- Charges two batteries in 1 hour or less, minimizing downtime
- Charges all Dewalt 7.2v 18V batteries (except Univolt batteries) so users need only one charger for multiple cordless products.
- Dewalt 3-stage charging system provides maximum run-time and extands overall life of the battery
