

ITX MW-02

The elegant MW-02 is a compact ITX-case with glossy, matt and brushed elements on the front panel.

The modern case provides USB 3.0, USB Type C, a SDXC Card Reader and audio connectors in the middle of the front as well as a slot for Slim DVD in the upper front.

The intelligent design of the cases allows a decent thermal relief because both side panels are perforated. Further you can extract the inner cage for an easy installation of your components.

- ✓ Compact dimension
- ✓ USB 3.0 and USB Type C
- ✓ SD Card Reader up to SDXC
- ✓ VESA-mount optional

Specifications
