

How to Measure for Curtains

Simply follow the easy measuring instructions below, fill out the form, and place your order in store, online, or by email – it couldn't be easier to have beautiful windows!

For info: (i) Please remember that it is advisable to fit your pole or track before ordering your curtains. (ii) Your pole or track should ideally extend 30cms on each side of the window so when drawn back light is maximised and at least 15cms above the top of the window to block out as little light as possible again. (iii) Pattern repeats and fabric widths will be calculated by us, and we will provide you with a quote once we have your measurements. **Please use metric units only when measuring.**

1. POLES

Width: If you have a pole, measure the distance between the finials. (**A**)
Finished Length for pencil pleat, pinch pleat, goblet pleat and knife pleat - when measuring the finished length using a curtain pole we recommend allowing between 2cms and 5cms above the eyelet on the underside of the curtain ring, depending on how much of the pole and rings you wish to hide. For eyelet heading, measure from the top of the pole. From the measurement you choose above the eyelet, measure down to the bottom of the hem (see **B** & **C**) and that is your finished length measurement.

2. TRACKS

Width - If you have a track, measure the total length of the track, including any overlap where the curtains meet in the middle.
Finished Length for pencil pleat, pinch pleat, goblet pleat and knife pleat - when measuring the finished length of your curtains using a track add 1cm above the track (to hide the track) down to the bottom of the hem. (**D**)*

*Please note, we recommend that sill length curtains finish **1.25cm** above the sill, below sill curtain fall **15cm** below the sill, and floor length curtains finish **1.5cm** from the floor.*

Made to Measure Curtains ORDER FORM

Once you have measured up, simply fill out the form below, and give it to us in store, or take a quick snapshot of it and send it by email to info@creamcornwall.co.uk – we will be in touch with our quotation a 50% deposit payment will be required in store or by phone, to confirm your order!
