Animal Testing: This product has not been the subject of animal testing or retesting by or on behalf of Lipotec USA, Inc. since December 31, 1990.

BSE/TSE: No products of animal origin are used at any stage during the manufacture of this product; therefore, the risk of BSE (Bovine Spongiform Encephalopathy) or TSE (Transmissible Spongiform Encephalopathy) contamination is not to be expected.

Microbial Content: See Certificate of Analysis (COA)

RESIDUALS OR IMPURITIES

Residual Solvents: This product complies with the USP Residual Solvents <467> regulations. All raw materials used in this product either have no residual solvents or the concentration is well below the residual solvent level according to USP Residual Solvent requirements.

VOC: The manufacturer does not specifically test for Volatile Organic Compounds (VOC) since they do not use or add them in the production process. To the best of our knowledge, this product does not contain any VOC as defined by the U.S. Environmental Protection Agency.

SVHC: To the best of our knowledge, this product does not contain any substance listed as an SVHC.

Nanotechnology: This product is not classified as a nanomaterial as defined by cosmetic regulation EC 1223/2009, Article 2(1)(k).

Proposition 65: To the best of our knowledge, this product does not contain any substance listed on California's EPA Proposition 65 list.

Ethylene Oxide: None expected or tested

1-4 Dioxane: None expected or tested

Phenol: None expected or tested

Amine: None expected or tested

Nitrosamine: None expected or tested

Acrylamides: None expected or tested

Phthalates: None expected or tested

Pesticides: This product has not been tested for residual pesticides.
