### PRODUCT SPECIFICATIONS

#### DESCRIPTION

The LXVT series is an IP67/IP69K rated vapor tight, completely sealed against dust and moisture, for harsh environments. Available with a variety of lenses, latches, and wire entry configurations to meet the needs of various applications. The LXVT utilizes state-of-the-art LED technology to deliver the highest possible efficacy in the lighting industry.

#### APPLICATIONS

The LXVT series of vapor tights were designed for use in dusty, dirty, and wet environments including food processing facilities, cold storage, kitchens, parking garages, car washes, covered canopies, pedestrian tunnels, concourses, and industrial applications.

#### CONSTRUCTION

Constructed of a compression molded self-extinguishing fiberglass reinforced polyester compound with UL 5VA flame rating (ASTM D635-74). F1 weatherability rating. Continuous perimeter poured in place gasket assures a consistent lens seal to housing. Two 1/4-28 brass studs molded into back of housing for attachments of optional mounting brackets.

#### OPTICAL SYSTEM

Shallow low profile or ribbed deep lens options are available in a variety of finishes and materials. Lenses are designed for even illumination with no glare.

#### ELECTRICAL SYSTEM

120-277V applications, 0-10v dimming standard. Long-life LED system rated for >100K life hours (L70 @ 45°C). Metal gear tray for internal LED driver. Complies with federal energy efficiency standards.

#### MOUNTING

Standard 316 stainless steel straps for surface mounting, or optional flush mounting bracket. Mounts to a snap-in-place mount or hook.

#### LISTINGS

UL and cUL Listed. Wet Location. NSF International Certified. IP65, IP66, IP67 rated. IP69K rated with lens options "RDRA" and "RCP".

#### WARRANTY

5-Year Limited Warranty. Complete warranty and terms located at [www.aelnov.com/warranty](http://www.aelnov.com/warranty).
