Halo pendants with custom finish over conference table

Introducing the Halo. An award winning classic of celestial proportions.

Modern aesthetics meets performance with our Halo, a decorative fixture with contemporary appeal that offers a highly efficient and performing LED lighting system. Winner of the Platinum ADEX Award and the Product Innovations Award by Buildings Magazine, the Halo has impressed some of the industry's top design judges.

Manufactured to the highest construction standards, our Halo fixture is made from aluminum with a painted white interior to allow for optimal light radiance and

glow. With dimming capabilities as a standard offering, the Halo is able to create a soft, ambient effect, provide brilliant performance lighting or any level in between.

Customizable in colour, finish, output, wattage, and dimensions, the Halo is a LEED-friendly fixture containing both pre and post-recyclable materials, making it an efficient and environmentally sound choice. Only 4" in height, it is available in a range of diameters to meet your design needs for every project.

Also available in our Quick Ship program! With options of 24", 36" and 48" diameters, you can have these fixtures with a two week lead time!
