PROJECT INFORMATION

PROJECT	
TYPE	QUANTITY
NOTES	

The boundless shape of the infinity symbol brings a timeless feel to a modern space. We have taken the traditional cone and made it a little more edgy to form the Sliced Cone. This fixture, available in two-tone, adds sophistication and sensuality to any room.

Please note that not all of the above product configurations have been built. Products and lead times may vary. Specifications subject to change without notice. Please visit barbican.ca for the most current specifications and to build part numbers.

Feature Descriptors

Material	Mounting	Finish (Canopies, Stems)	Source
Open the material palette.	Choose between Stainless Steel Aircraft Cable with either a Black or White Power Cord, or Stem Mount. Standard Aircraft Cable is 144". Standard Stem length is 48".	Finish applies to the canopy and, if applicable, the stem. RAL colours are a premium option, additional charges apply and may increase lead time.	All of our products are now available in LED only. If you require fluorescent or incandescent sourcing, please contact Barbican for options. Please note if lumens are shown, they are delivered and approximate. Other lumen packages are available. Driver loss is included in the Nominal LED Wattage.
Voltage	Temperature	Colour Rendering Index	Dimming Drivers
120 and 277 are standard options	Colour temperature is a description of the warmth or coolness of a light source. It is a characteristic of visible light and is stated in units of absolute temperature, known as Kelvin (K).	A colour rendering index (CRI) is a quantitative measure of the ability of a light source to reveal the colours of various objects faithfully in comparison with an ideal or natural light source.	Sensor Ready and Integrated controls, as well as proprietary drivers can be added to Barbican fixtures. Please consult Barbican for availability of these options for this fixture.
