Features and Benefits

A palette of optical solutions.

The Entri LED luminaire features a classic and stylish design with the added benefits of solid state lighting technology, offering outstanding uniformity and energy savings. Using Cooper Lighting Solutions' proprietary LED LightSquare technology and AccuLED Optics™ system, the Entri LED luminaire offers designers vast versatility in system design, function and performance. The Entri Series is optimally designed for wall mount architectural lighting applications.

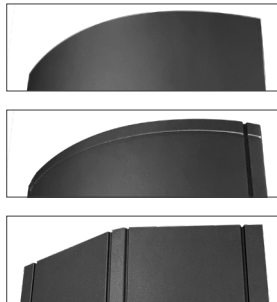

PRODUCT FEATURES

- One-piece, die-cast aluminum housing and door
- Flush mounted die-cast tool-less latch for ease of maintenance
- Choice of eleven LED optical distributions
- Fits 4" j-box and secured via two concealed stainless steel fasteners
- Offered with optional uplight and colored or clear luminous window
- Optional die-cast aluminum adapter box for egress and thru-way wiring
- Proprietary circuit module withstands 10kV transient line surge
- Offers nine specifiable CRI/CCT options all within 5-step MacAdam ellipse
- LED fixture features a five-year warranty

DESIGN FEATURES

Optional integrated stand-alone and connected control solutions for simple energy code compliance.

Three distinct design constructions to compliment the architecture.

Optional emergency backup for normal and cold weather applications.
