

Invue LuxeScape Collection

Features and Benefits

Contemporary by day. Brilliant at night.

LuxeScape luminaires presents an enduring contemporary, architectural dayform providing superior uniform efficient illumination. This collection incorporates a design that enhances urban spaces through simple, yet beautiful, appearances and enables integral control solutions satisfying code requirements. The industry-leading WaveStream™ LED optics provides a visually pleasing illumination by managing glare, offering high levels of visibility. Available distributions include Type III, IV and V with lumen packages ranging from 1,923 to 11,420 lumens. LuxeScape's contemporary, design complement the architecture during the day and becomes a design element that invites admiration at night.

Pairing the LuxeScape's contemporary design architecture with the unique sleek taper and base design of Invue's aluminum round decorative pole (ARP) offering creates an eloquent transition, enhancing pedestrian experiences. The pole comes standard with an access door feature integrated into the base.

A city is defined by its pedestrian experience. The LuxeScape Collection is sure to define your city by fashioning an exuberating pedestrian experience.

PRODUCT FEATURES

- Low copper aluminum, IP66 protection, 3G vibration rated and over 85% lumen maintenance
- Collection of architectural mounting options
