

Tapered Round Aluminum Pole – superior structural quality

Legacy Tapered Round Aluminum Pole

The Gardco TRA tapered round aluminum pole consists of a one-piece design fabricated aluminum tubing circumferentially welded to a structural quality hot rolled carbon steel plate. The poles are finished with either Architectural Class 1 anodizing or electrostatically applied TGIC polyester powdercoat.

Benefits

- Built to withstand harsh environmental conditions
- Superior corrosion resistance
- Optimal strength and durability

Features

- Available in various heights ranging from 8' to 39'

Application

- Parks and Plazas
- Road and Street
