

Lumark

Prevail Petite Wall

Features and Benefits

The Prevail Petite wall mount luminaire combines optical performance, energy efficiency and long-term reliability in an advanced, low-profile full cutoff design. Utilizing the latest LED technology, the Prevail Petite series luminaire delivers unparalleled uniformity resulting in greater installation spacing. The surface mount drop door facilitates ease of installation onto exterior walls with recessed or surface wiring. With energy savings greater than 85%, the Prevail Petite fixture replaces 70W - 250W metal halide equivalents making it ideal for building entrances, loading docks, and perimeter lighting for pedestrian pathways.

PRODUCT FEATURES

Full Cutoff

Low profile housing provides zero uplight

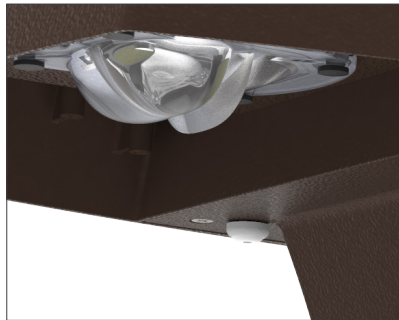

Surface Conduit

Two 1/2" NPT threaded entries for surface wiring

Surface Mount

Easy installation onto exterior walls

Emergency Egress

Drop door provides room for integrated battery pack solutions

Discrete Optics

COB Optics

QUICK FACTS

- Lumen packages range from 4,800 - 12,200 lumens
- 120 - 277V; 347V; 480V available
- 0-10V dimming standard
- 3000K / 4000K / 5000K CCT available; 70 CRI minimum
