

McGraw-Edison BRT6 Bollard

Features and Benefits

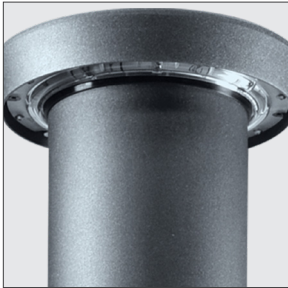

Superior Performance and Durability

The BRT6 LED Bollard from McGraw-Edison brings specification-grade performance into outdoor pedestrian and pathway applications, featuring tremendous versatility and value. The 6" round shaft with cast top combines to form a simple aesthetic appropriate for a wide range of architectural styles and applications. The BRT6 is capable of high output and wide spacing, while producing zero uplight in any configuration.

PRODUCT FEATURES

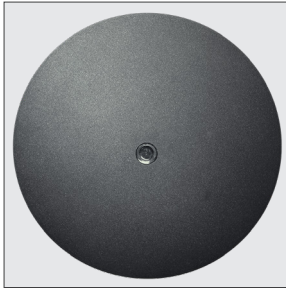

- Lumen packages range from 540 - 4,400 (5W - 49W)
- Efficacy up to 122 lumens per watt
- Four Optical Distributions
- Available in 30", 36", and 42"

DESIGN FEATURES

Zero Uplight

Downward facing LEDs and optics produce no uplight or perceivable glare
