# Metalux LED Retrofit Kits

add → modify → modernize

Celebrating **50+ years**, Metalux offers an extensive line of LED lighting products including LED retrofit kits.

Metalux's complete family of LED retrofit kit lighting products are dedicated to the latest solid state lighting and driver technology for optimal performance and energy efficiency.

Metalux delivers innovation, quality, product availability, and responsiveness all with an affordable value proposition.

## Simple and quick installation

- Installs in minutes = **significant labor cost savings**
- Utilize the existing fluorescent luminaire's housing = **lower disposal costs**

## Reduced energy consumption

- High performance efficacy = **significant energy savings vs. fluorescent**
- DesignLights Consortium® Qualified

## Architectural style aesthetics

- Modern styling with aesthetic appeal vs. fluorescent
- Designed for commercial office, education, healthcare, and retail applications

## Integrated controls

- Daylight harvesting and occupancy sensing
- Code compliance and IoT value-added applications

## Troffer Cooper Kit - CBRK Retrofit Kit

## Cooper Kit - CBRK Retrofit Kit

The Metalux CooperKit from Cooper Lighting Solutions is a LED lighting solution for customers looking to upgrade their fluorescent luminaires to a high performing aesthetically-pleasing LED system without the need to install a complete luminaire.

This innovative, high quality retrofit kit is dedicated to the latest solid state lighting and driver technology for optimal performance and energy efficiency. The retrofit kit is engineered for simple and quick installation making it easy to switch to LED.

Easy and quick installation

Contemporary and modern design

Reduced energy consumption

DLC Premium listed

Integrated sensor (occupancy and daylighting) option

Minimal glare

### Construction

Kits consists of main panel, side panel, 2 endplates, and a lens

Recessed: 2' x 2' and 2' x 4'

Shallow depth: 3.25"

cULus - Damp location / IC Rated

### Performance

Extremely high efficacies up to 162 lumens per watt\*

DesignLights Consortium® Qualified for Standard and Premium

Two CCT Colors: 3500K and 4000K at a minium CRI of 80+

L85 @ 60,000 hrs

5-year warranty

\* Based on photometric testing consistent with IES LM-79. Actual wattage may vary by +/- 10%. Actual initial lumen output may vary +/- 10%.

### Controls

Drivers with 0-10V dimming allow for maximum fixture efficiency and provide 10% dimming

Optional integrated sensor system for daylighting harvesting and occupancy sensing

Includes WaveLinx/WaveLix Lite sensor compatible for stand alone, controlled, connected, and IOT capability\*

\* Based on photometric testing consistent with IES LM-79. Actual wattage may vary by +/- 10%. Actual initial lumen output may vary +/- 10%.

## Installs in minutes!

### Energy savings

Operating and maintenance costs of a lighting system are dramatically impacted by the specified lamp source and electrical system. Total system input watts and fixture operating life should be the driving considerations when addressing energy consumption and total cost of ownership. Energy savings increase when energy consumption is reduced and maintenance intervals are extended.

### Energy Performance Table

Standard Efficacy versions shown in chart. High Performance options are available for additional energy savings.

1' x 4' CBRK*			Popular Fluorescent Fixtures			Energy Savings
Catalog Number	Lumens**	Wattage	Fixture Type	Lumens**	Wattage

RSRK Retrofit Kit

The Metalux RSRK LED Recessed Strip Retrofit Kits is a series of products developed to convert recessed linear products to LED while improving the lighting in the existing space. The kit consists of three primary components: mounting brackets, gear tray with LED boards, driver and lens. The RSRK is engineered for simple and quick installation and offers customers the opportunity to retrofit from fluorescent to LED affordably and efficiently.

Simple and quick installation = labor savings!

Up to 8800 lumens (4') and 17500 lumens (8')

Market leading efficacy at nearly 170 LPW

IP40 Rated

Lens optimization for greater optical control

Certifications

Construction

Kit consists of mounting brackets, gear tray with LED boards, driver, and lens
Ballast can remain in fixture to reduce disposal costs
4', 6' and 8' options
Acrylic lens (round or trilobe)

Performance

Premium level efficacy up to 168 lm/W
DesignLights Consortium® Qualified
Four CCT Colors: 3000K, 3500K, 4000K, and 5000K
L94 @ 60,000 hrs
5-year warranty

Controls

0-10V dimming driver (1% standard)
Optional integrated sensor system for daylighting harvesting and occupancy sensing
Optional WaveLinX Wireless and Enlighted for fully integrated sensor system with Internet of Things (IoT) connectivity and configurable software

## Metalux

### SSRK Retrofit Kit

The SSRK series is a LED retrofit kit capable of replacing 4 foot lengths of fluorescent or LED fixtures with a width from 2.5 to 4.5 inches and a channel minimum depth of 1.75 inches. Five different highly efficient lumen packages (130 to 150 lumens/watt) ensure maximum ROI due to energy savings and eligible rebate incentives. Key features include electrical quick connects and adhesive tape on mounting brackets that result in market leading installation time as well as dimming, occupancy and emergency options that maximize design flexibility. The SSRK series is ideal for retrofit applications where existing fixtures are installed with fixed conduit.

Simple and quick installation = labor savings!

Three lens options: round, square, & tri-lobe; multiple distributions

Integrated emergency available

Design flexibility

Retrofit “pipe & wire” installation in industrial and warehousing applications

#### Construction

- Kit consists of gear tray with LED boards, mounting brackets and driver as one component
- 4’ or 8’ LED strip retrofit with up to 8000 lumens per 4ft segment
- Retrofits from 2.5 to 4.5 inch width fixtures
- Adhesive tape on mounting brackets to free up hands during installation

#### Performance

- Premium level efficacy up to 159 lm/W
- DesignLights Consortium® Qualified for Standard and Premium
- Four CCT Colors: 3000K, 3500K, 4000K, and 5000K
- L87 @ 60,000 hrs
- 5-year warranty

#### Controls

- 0-10V dimming driver (1% standard)
- Optional integrated sensor system for daylighting harvesting and occupancy sensing

#### Optics

- Round Lens
- Trilobe Lens
- Square Lens

#### Performance data

Lumen Package (Lumens per foot)	Nominal Lumens per foot	Watts	Efficacy (Lumens per watt)
500	537	13.7	156.8
750	812	20.4	159.3
1000	1080	27.7	156.0
1500	1637	44.8	146.2
2000	2186	62.9	139.0

4ft Fixture - Round Clear Lens, 4000K, 80CRI
