## Recessed Strip Retrofit Kit

Retrofit for Cooper RCC, RCG and similar products from other manufacturers

**Typical Applications**  
Office • Education • Retail

### Product Certification

### Product Features

### Interactive Menu

- Order Information page 2
- Photometric Data page 3
- Product Warranty

### Top Product Features

- 4', 6' and 8' options with integrated LED and driver combined
- Simple and quick installation = labor savings
- Single 8' acrylic lens (round or trilobe) provides high efficiency
- High performance efficacy up to 168 lumens per watt
- Up to 8800 lumens (4') and 17500 lumens (8')
- Options to meet Trade Agreements Act requirements

### Dimensional and Mounting Details

TRILOBE LENS OPTION

ROUND LENS OPTION

<b>Notes</b> (7) Not available with sensor or battery pack and not available in 2000 LPF.		<b>Notes</b> (5) Lenses will be shipped as bulk and unit packs based on the order received.	<b>Notes</b> (15) Accessories sold separately will be separately analyzed under domestic preference requirements. Consult factory for further information.

## Product Specifications

### Construction

- Kit consists of three primary components: mounting brackets, gear tray with LED boards, driver and optional lenses (shipped separately)
- Mounting brackets provided with features to align gear trays for straight row alignment
- Kits come pre-assembled with quick connects
- Gear tray is painted after fabrication

### Electrical

- TM21 life at 60,000 hours up to L94 and calculated L70 exceeds 295,000 hrs.
- LEDs available in 3000K, 3500K, 4000K, and 5000K with CRI > 80
- Available in 120-277V and 347V
- 0-10V 1% dimming standard

### Emergency Battery Options

- Optional 120-277V integral battery pack available in 7W or 14W
- Test switch/indicator can be tested safely from the ground using laser pointer
- EZ Key prevents accidental discharge during construction

### Optics

- Three optical distributions available with frosted acrylic to hide the LEDs
- Trilobe smooth lens provides wide distribution
- Trilobe ribbed lens provides a wide distribution and higher efficacy
- Round Ribbed lens provides a medium distribution and the highest efficacy

### Compliance

- cULus listed for the RCG
- Rated for damp locations and RCC. UL Classified for others.
- Tested in compliance with IESNA LM79
- LEDs are tested in compliance with IESNA LM80
- Can be used for State of California Title 24 non-residential high efficacy luminaires
- DesignLights Consortium® Qualified and classified for DLC Premium, refer to www.designlights.org for details.

### Warranty

- Five-year warranty

### Lumen Calculator

CCT Multiplier	80 CRI Multiplier
3000K	0.967
3500K	0.983
4000K	1.00
5000K	1.00

### Load Data

	4'	6'	8'
PF	> .9		
THD%	< 20%		
Low Temp Start	-20° C		
Weight	3.3	4.4	9.8

### Example of Lumen Adjustment Calculation

Gear Tray= 8-RSRK-100-HE-L840-U  
 @ 80CRI at 3500K  
 Lumen Adjustment Factor = 0.983  
 Total Light Output =  
 $8,188 \text{ lm} \times 0.826 = 8,049 \text{ lm}$   
 $\text{Efficacy} = \frac{8,049 \text{ lm}}{57.6 \text{ W}} = 140 \text{ lm/W}$
