

DESCRIPTION

The rectilinear shade is a traditional straight-sided fabric shade designed for use in conference rooms, over dining tables and other rectilinear applications. The integrated LED light sources, available in 827, 830, 835 and 840 color choices, evenly illuminate the shade and bottom lens. Final finishes are available in many painted options. With 11 standard fabrics, 3 vinyl materials, and 4 photographically imaged woods, as well as the ability to customize, allow a designer to select a look to match any pallet.

SPECIFICATION FEATURES

Materials

Internal components are aluminum and cold rolled steel parts with post-painted white finishes. Shades are made of heavy gauge formed and welded steel rod. Fabrics are laminated to a styrene backing to provide structural integrity and to minimize vertical support requirements. The bottom lens is opal white acrylic.

Finishes

MW - Matte White

Shades

Fabric

SIW - Silk White
SIY - Silk Ivory
GBB - Glynn Brussels Beige
LOLA - Lola Sand
NGS - Nutmeg Shimmer
LCK - Linen Chopstick
LAT - Linen Alabaster
VLW - Verona Linen White
SWH - Shantung White
SEG - Shantung Eggshell
SBG - Shantung Beige

Vinyl Coated Fabric

ABR - Alabaster
NFX - Natural Flax
GHY - Golden Honey

(NOTE: For humid environments such as shower rooms or open lobbies, Vinyl Coated Fabrics are recommended)

Printed Wood

PVDB - Variegated Bamboo
PMA - Maple
PCH - Cherry
PWA - Walnut

LED

38":L7:6000 Nominal Source Lumens at max 57W
48":L9:8000 Nominal Source Lumens at max 76W

Driver

The Fabrique Collection utilizes common high quality LED components for matching CCT and CRI across the complete family. Low voltage LED circuits are supplied by constant current

drivers which are mated to deliver optimal performance and light output, exceeding 110 LPW at the source. Drivers are rated for universal 120-277V input and 0-10V dimming is standard on all fixtures.

Installation

Fabrique LED Surface Mounted Fixtures are designed to mount easily, using a circle strap, to a standard j-box. Shades are mounted to 4 cross-arms and can be easily removed for cleaning or as necessary for servicing.

Compliance

All Fabrique Collection products are UL and cUL approved for interior damp locations. Fabrique Collection products are made in the North America.

121 Series

38"

- Lumen Output Source Lumens: L7: 6000 nominal lumens
- Wattage: 57W
- Color Rendering: CRI 83+
- Correlated Color Temperature: 4000K, 3500K, 3000K, 2700K
- Rated Life of Lamp (hrs): 50,000
- Dimming: 0-10V

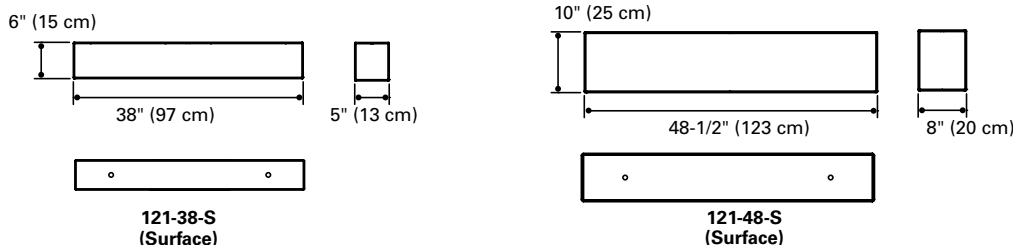

48"

- Lumen Output Source Lumens: L9: 8000 nominal lumens
- Wattage: 76W
- Color Rendering: CRI 83+
- Correlated Color Temperature: 4000K, 3500K, 3000K, 2700K
- Rated Life of Lamp (hrs): 50,000
- Dimming: 0-10V
