“UNIQUE SOLES FOR UNIQUE SOULS SINCE 1970.”

“Traditionally made in old world factories, Fluevog shoes are produced in small runs, are fully repairable, and with their look of quality and timeless luxury, always stand out in a crowd. The vivid and wild color combinations of Fluevog Shoes are an inspiration for Shaper Sense Drum color groups using FilzFelt 100% Wool Design Felt.”

ABOUT

John Fluevog is an independent designer and retailer of forward-thinking footwear and accessories. Since 1970, he has been steadfast in creating ‘unique soles for unique souls’ that have been seen everywhere from the feet of Madonna, Beyoncé, Lady Gaga and Jack White to the runways of high fashion. John was recently recognized as The Canadian Footwear Industry’s Shoe Person of the Year (but it hasn’t gone to his head) and Fluevog Shoes was named one of the world’s most innovative companies in the fashion industry by FastCompany magazine. Whether it sticks in your mind as Foofarg or Vlueflag, Fluevog is a name usually mispronounced, but seldom forgotten.

ABOUT

My life has been a roller coaster of different emotions such as getting honor roll my first year of middle school and my grandpa passing away. But in the end of all I can find are happy emotions because when I think of my grandpa I do not see sadness but I see all of the happy memories with him.

FUTURE

When I grow up I do not know what I want to be yet but it might revolve around engineering.
