

## DESCRIPTION

The ARC Generation Series Avenue LED provides an updated styling and smooth exterior appearance, making it the perfect choice to add a contemporary feel to any setting. Its superior photometrics offer excellent illumination and uniformity for many of today's applications. Its styling blends well in many settings – historic districts, downtown streetscapes, roadways, residential neighborhoods, as well as city parks and educational campuses. The Generation Series LED sets a new standard for decorative post top luminaires.

## SPECIFICATION FEATURES

### Construction

**HOUSING:** Heavy-duty cast aluminum housing and removable door. A single quarter turn fastener on the removable door provides tool-less access to wiring compartment. **CAGE ASSEMBLY** Cage assembly manufactured of heavy-duty cast aluminum and mounted to the exterior of the base housing via four stainless steel fasteners. Finished to match housing. **TOPS AND FINIALS:** Avenue top is heavy-duty spun aluminum offering top access for tool-less entrance into the source compartment during maintenance. Choose from four cast aluminum finials for customized fixture style.

### Optical

**REFRACTIVE GLOBE:** High efficiency refractive optical systems are precisely designed utilizing a combination of refractive and reflective prisms. Available in Type III or Type V distributions. Lighting grade acrylic ensures long lasting optical clarity and resistance to discoloration.

### Electrical

120-277V 50/60Hz operation. 10kV /10kA common- and differential mode surge protection standard. Thermal management transfers heat rapidly away from the LED source for optimal efficiency and light output. Ambient operating temperature from -40°C to 40°C. Standard three-position tunnel type compression terminal block.

### Mounting

Base casting slipfits over a standard 3" O.D. tenon and secured via four stainless steel allen head fasteners. 3G vibration tested.

### Finish

Cast and spun components finished in a five-stage premium TGIC polyester powder coat paint, 2.5 mil nominal thickness for superior protection against fade and wear. Consult your Streetworks representative for a complete selection of standard colors including black, bronze, grey, white, dark platinum, graphite metallic and hartford green. RAL and custom color matches available. Options to meet Buy American and other domestic preference requirements.

### Warranty

Five-year warranty.

Effective Projected Area:  
2.1 Square Feet

### SHIPPING DATA

Approximate Net Wt:  
50 lbs. (23 kgs.)

**FINIALS**

**POWER AND LUMENS**

Distribution	Correlated Color Temperature (CCT)	Cage	Total Lumens (Estimated)	Luminaire Wattage (Nominal)
Type III	4000K	Avenue	5,200	99W
Type III	4000K	None	8,000	99W
Type V	4000K	Avenue	5,500	99W
Type V	4000K	None	8,500	99W

**LUMEN MAINTENANCE**

Ambient Temperature	TM-21 Lumen Maintenance (36,000 Hours)	Theoretical L70 (Hours)
15°C	>93%	240,000
25°C>	92%	210,000
40°C>	89%	117,000

**ORDERING INFORMATION**

**NOTES:**

- Customer is responsible for engineering analysis to confirm pole and fixture compatibility for all applications. Refer to our white paper WP513001EN for additional support information.
- Six LEDs.
- Three LEDs. Approximately 50% output and energy usage. Consult IES files on the ARC product page for actual lumen and wattage values.
- Cage type painted to match base.
- Not available with E50 or D50 options.
- Maximum ambient temperature 25°C.
- Extended lead times apply. Use dedicated IES files for 3000K.
- Only product configurations with these designated prefixes are built to be compliant with the Buy American Act of 1933 (BAA) or Trade Agreements Act of 1979 (TAA), respectively. Please refer to [DOMESTIC PREFERENCES](#) website for more information. Components shipped separately may be separately analyzed under domestic preference requirements.
- Accessories sold separately will be separately analyzed under domestic preference requirements. Consult factory for further information.
