DairyTest PC.

Release Notes for Software Version 2.5 B1000

The following notes describe changes introduced in DairyTest PC V2.5.

Problems Fixed:-

1. Corrected farm edit problem. In some cases editing a farm's alarm settings would not get saved away.

Please give us a call (Australia - toll free 1800 061 167, International – ph +613 9521 9383 or via fax on +613 9521 8009) or email us (dairytest@cpdesign.com.au) if you have any suggested new features or suspected problems with DairyTest. We can only keep improving the product if you keep the feedback coming.
