Weatherman represents the convergence of technology, engineering and state-of-the-art design. The result?
The best umbrella ever created.

Available in two sizes, 62 and 68 inches, Weatherman’s features change how golfers of all skill levels approach weather conditions on the course. Teflon-coated fabric keeps golfers dry and the UPF 50+ barrier protects them from the sun, making Weatherman the perfect golf umbrella for rain—or shine. A large mesh pocket on the inside of the canopy offers a dry storage compartment for gloves and a scorecard, while a silicone-coated, non-slip rib is the perfect place to hang a towel.
