IGLOO PARTY BAR

Igloo Coolers have introduced the ultimate party cooler, the [Igloo Party Bar](#). The heavy duty cooler is heavily insulated and features a removable lid, drink dividers, locking casters, a [drain plug](#), integrated bottle opener, heavy duty handles, handy utility loops, and best of all - LED lights that provide 360-degree interior lighting, letting thirsty guests find what they want quickly, and allowing the party to continue when the sun goes down.
