

Day 1 of the Metabolism Revolution Challenge!

Nothing is impossible, the word itself says "I'm possible"! —Audrey Hepburn

You're going to love the next 14 days. This plan is designed to encourage rapid weight loss that is both permanent and therapeutic. Get ready to enjoy:

- A reduction in stress hormones
- Stabilized insulin and blood sugar levels
- Increased metabolic rate
- More efficient fat burning
- More energy, strength, and endurance
- An improved mood and great self-confidence

We have two main goals during the next 14 days.

1. Eat FOOD – often more food than you're currently eating
2. Lose weight as fast possible

Yes, it's that simple. Eat more to lose more. We're unleashing the prescriptive power of food so you can become outrageously healthy.

Remember to repeat the mantra "*I'm Possible!*" whenever you need a little encouragement.

Let's dive into our first day of incredible food! Note that each recipe serves one. If you're cooking for a family, make the necessary adjustments.

Notice that I've repeated the recipes. I've done this because it saves time and money. You're free to swap the days around or swap out proteins as long as they fall into the proper Part.
