## **ESTABLISHED IN 1995 BRISBANE QLD AUSTRALIA**

Designing & Manufacturing Quality Air Suspension  
Systems now for over 20 Years

# BACKED BY A TEAM OF SPECIALISTS

Experts in Airbags &  
Air Suspension Systems  
Since 1977

We are a proudly Australian owned & operated family business representing world renowned companies such as Firestone & Dunlop for the core product we offer AIRBAGS or AIR SPRINGS.

Airbags have many advantages when dealing with actuation & vibration isolation. Specialising in the use of these fantastic products has been interesting & challenging working with design engineers from many different sectors including diverse applications such as film special effects.

Airbag Man has been instrumental over the past twenty years in providing the transport industry with unique air suspension products covering a huge range of vehicle applications.

## **PROVEN IN EXTREME CONDITIONS THROUGHOUT AUSTRALIA & ACROSS THE WORLD**

Our Airbags are known to last well over 15 years in many different applications

HOT AUSTRALIAN SUMMERS TO SIBERIA'S HARSH WINTERS

## **LEAF SPRING AIR HELPERS**

These particular airbags fit between the leaf spring/axle & chassis. You can adjust for varying loads & road conditions by simply inflating or deflating your airbags.

## COIL SPRING AIR HELPERS

These particular airbags fit inside the coil spring. You can adjust for varying loads & road conditions by simply inflating or deflating your airbags.

## **FULL COIL REPLACEMENT**

Full air suspension can be applied to vehicles with coil spring suspension. The coil springs are removed totally & are replaced with airbags. You can adjust for varying loads & road conditions by simply inflating or deflating your airbags.

**EMERGENCY**

**DEFENCE**

**DISABILITY**

Easy to fit solutions offering the highest levels of ride quality & adjustability.

**COURIER**

**TRADE**

**SEDAN & WAGON**

Air Suspension Solutions for applications with changing load conditions.

**4WD OFFROAD**

**MOTORHOME**

**TRAILER & CARAVAN**

Our easy to fit kits provide improved comfort and vehicle stability, while keeping the vehicle level under all load conditions.

**TRUCK**

**BUS**

**TRAIN**

Airbag Man provides a full range of Air Suspension solutions offering improved comfort to the driver and passengers for truck, buses, trailers and trains. Airbag Man also provide compact lift axle valves & systems which allow the manual or automatic lifting of one or even two axles on a multi-axle vehicle.

**PNEUMATIC SWITCHES**

**WIRELESS CONTROL**

**AUTOMATIC LEVELLING**

A vast range of air control kits & components are available, from our air suspension tailored portable air compressor to on-board electronic automatic height control systems.

**ANALOGUE GAUGE**

**WIRELESS GAUGE**

**DIGITAL GAUGE**

7 SELECTABLE COLOURS

A vast range of gauges are available for convenient monitoring of airbag pressures.

## ELECTRONICALLY CONTROLLED AIR SUSPENSION

Intelliride is a fully automatic electronically controlled Air Suspension (ECAS) system, when fitted the system provides comfort while maintaining a programmed ride height irrespective of the load. Multiple vehicle heights are available at the push of a button.
