PRODUCT DESCRIPTION

Limesite™ Urban Bench

The Urban bench is a versatile seat that doubles as a table. Its material's strength allows it to perform structural as well as aesthetic functions. Limesite offers a unique material finish that accentuates the piece giving it a contemporary character that blends in seamlessly with the surroundings of urban and contemporary spaces.

The Urban Bench features a round Limesite top, supported by a modern industrial half-sphere Limesite base. The bench feature handles which allow for the ease of moving and transportation as well as rubber feet for stability, shock absorption and non-slip properties.

Disclaimer:

Colour variance is an inherent property of our products as they are handmade and colour may vary from product to product. The onus is on the client to confirm colours by looking at physical samples and completed projects. Custom colour development available on request. Please refer to the website for more information.
