NORMAN GLOBE

Our Norman Globe Ceiling Light is named after the award winning hotel in Tel Aviv for where it was originally specified and proved to be an amazing statement piece.

To create this smaller version of our large Armoury Globe, forty-eight brass-framed glass facets are skilfully and individually crafted before seamlessly combining into a unified structure.

It is supplied with a matching octagonal ceiling rose and the length of the support rods can be specified for bespoke drops.

Shown here in Antique Brass but also available in any of our standard finishes.
