Summer Card

Beach Card

Welcome to our week of crafting while in quarantine! We, like many you, are working from home and trying our best to stay focused, while also enjoying a little down time with family, and thought it would be fun to offer some ideas and instruction to some of the cute projects we have posted so that you can create right alongside us!

For our Wednesday craft, we're sharing how we created 5, quick and easy, cards that are perfect for dropping a quick note in the mail or on a neighbors porch to brighten their day! We hope you'll enjoy following along and share your projects with us, too!

Happy Crafting!

Supplies used:

White and/or Kraft Cardstock for card bases (cut to 5.5" wide x 8.5" tall/then folded to be 4.25" tall for front)

Vitamin Sea 6x8 Paper Pad

Vitamin Sea Ephemera Pack

Vitamin Sea Tags Pack

Vitamin Sea Chipboard

Vitamin Sea Puffy Dot Stickers

**Life's a Beach Card Instructions:** For this card we used a white card base (see size info above). Trim your coral doodle stripes paper down to a 5.25 x 4" piece and adhere to the center of card front. From your ephemera pack, add the palm leaf wreath to the center of the card front with dimensional adhesive. Then, on top of the wreath, add the hibiscus flower, seashell, sunglasses and world strip as shown (all pieces are from the ephemera pack). Last, add a pink puffy dot sticker to each corner of your patterned paper.

**Blue Skies Card Instructions:** For this card we used a white card base (see size info above). Trim your multi-colored stripe paper down to a 5.25 x 4" piece and adhere to the center of card front. Next, from your tags pack, use the blue/white tag as shown in image. Tie a bow with baker's twine (or string included) and place about .5" in from left edge of paper. Now, from your ephemera pack, layer the pineapple and the word strip, as shown, using dimensional adhesives. Last, add a few puffy dot stickers to the front of the card for added accenting!

**Summer Van Card Instructions:** For this card we used a kraft card base (see size info above). Trim your aqua doodle stripes paper to 5.25 x 4" and adhere to center of card front. Next, from the ephemera pack, find your van, palm tree, word strip, flower and pail and layer and adhere as shown in image. The flower and pail both use dimensional adhesives!

*Summer Card Instructions:* For this card we used a kraft card base (see size info above). Trim your yellow/blue script paper down to a 5.25 x 4" piece and adhere to the center of card front. From your tags pack, place the multi striped tag about .5" in from the left edge of your paper and adhere (tie a bow with the string included or another color of your choice). Next, from the ephemera pack, take the 'summer', starfish and summer drink pieces and layer/adhere as shown. Use a dimensional adhesive on the drink piece to create better layers!

*Beach Card Instructions:* For this card we used a white card base (see size info above). Trim your multi-colored stripe paper down to a 5.25 x 4" piece and adhere to the center of card front and toward the fold. Next, from your tags pack, use the blue and mint tag and adhere it about .5" from the left side of the paper. Next, find the seagull and 'beach' signage in your ephemera pack and place onto tag/paper as shown. Last, use your two chipboard pieces (coral and palm leaf) to accent on top!

These are quick and easy cards that are fun to create, fun to give away and will hopefully help you look forward to summer during these times! Thanks for joining us and we hope these basic instructions can help you with ideas and ways to enjoy some extra time at home...we'll be back with more tomorrow!
